ITALIAN TROOPS SAFELY LANDED

Take Possession as Liberators of Tripoli From Turkish Yoke.

HOLY WAR IS THREATENED

Great Mahdi Will Inflame All Mahomedans—Armistice Between Italy and Turkey Arranged by Germany—The End

Rome, Oct. 11., via frontier.—The first division of the army of occupation arrived at Tripoli at noon today. The troops were safely landed without incident.

There is a feeling in official circles here that Turkey and her sympathizers, as well as those elements which are antagonistic to Italy, are doing everything possible to engender opposition among the powers to Italy's plans and it is believed that certain reports which have been circulated aim chiefly to play on Anglo-German antagonisms. With this object, it is supposed, the report has been spread broadcast that Germany, having planned to obtain Toberuk from Turkey prior to the beginning of hostilities, will end by obetaining this important strategic point from Italy as a base for operations in the Mediterranean against British supremacy.

All these rumors and reports are officially denied by Italy. It is pointed out by Italian officials that Germany has never taken any step in such a direction in the past and has no intention to ask anything from Italy in the future, while it is also declared that Italy would not dream of being a cat's paw to draw chestnuts from the fire for Germany, notwithstanding the alliance.

In connection with this denial, it is stated that the war situation remains unchanged; that none of the powers opposes Italy's action and they have no intention of intervening until Italian dominion in Tripoli is indisputable.

Advices from Tripoli sent by Rear Admiral Borea D'Olemo, the governor, and Captain Cagni, the commandant, say the sailors now in possession of the city have given splendid proof of their powers of resistence and endurance. Their numbers are small, and, in addition to the great amount of work they have been compelled to do, they must guard against the danger of an attack by the enemy. It is believed, however, that the Turkish troops are thoroughly disheartened, as otherwise, being only one day's march from Tripoli and twice outnumbering the Italians, they might have attempted to re-capture the place, or at least inflicted serious losses.

It is not too late now for the Turks to do so, as the first section of the troops' expedition have landed and great preparations were made to welcome the Italian soldiers as the liberators of Tripoli from the Turkish yoke for all time.

All the wireless messages received by the government convey the information that the transports and their escort of warships are proceeding satisfactorily.

Reports from Tripoli this afternoon state that the Arabs of the interior are circulating a report that the great Mahdi of the Sahara, having heard of the Italian invasion, is gathering arms and men and proclaiming a holy war which is to be conducted relentlessly until the "infidels" are driven into the sea.

War May End At Once

Berlin, Oct. 11.—The armistice between Italy and Turkey, for which German diplomacy has been striving for some time, it is believed here, has practically been concluded, although not yet announced as "official."

It is understood that the transportation of the Italian military expedition will not be interferred with but that hostilities in all quarters will cease. This is considered by Berlin as equivalent to the ending of the war, or at least the warlike movements, which will now be succeeded by negotiations looking to a settlement.

It is regarded as probable that as soon as the strong Italian army has once disembarked at Tripoli, even the Young Turk irreconcilibles will begin to recognize, as apparently the Ottoman government already does, that there is no hope of withholding Tripoli from Italy. Then it will be possible for Turkey to enter into peace negotiations, with the prospect of reaching a less unsatisfactory conclusion than would result from a continuation of the conflict.

London, Oct. 11.—No confirmation has yet been received from either Rome or Constantinople of the report from Berlin that an armistice has been arranged. The Turkish cabinet met today with the new foreign minister, Assim Bay, but apparently nothing will be decided, pending the assembly of the Turkish parliament on Saturday.

LICENSE NOT REQUIRED.

Unexpected Concession for Glidden Tourists from New Jersey.

New York, Oct. 11.—As a result of a conference between a committee from the Newark board of trade and the State commissioner of vehicles, automobilists taking part in the Glidden tour will be allowed to pass through Newberry next Saturday without taking out a New Jersey license.

KRUPP [illegible]PANY LOSES SUIT

German Corporation Sued for Infringement of Armor Plate Process by American Steel Trust—Navies Affected.

Philadelphia, Oct. 11.—A decision of world-wide importance was handed down by the United States Circuit Court of Appeals here today when it dismissed four suits brought by the Krupp Company, of Germany, against the Midvale Steel Company, of Philadelphia, to restrain the Pennsylvania corporation from infringing on patents for a process of manufacturing armor plate. The decision was given by Judge Joseph Buffington and sustains the opinion of the Circuit Court, which had decided that the evidence presented before the lower court was "not sufficiently satisfactory either in quality or amount" to establish infringement. The Appellate Court goes a step further and declares that two certain claims in two of the Krupp patents are invalid and that therefore, there could not be an infringement.

The opinion of the Appellate Court is not only important to the maritime nations of the world that use armor plate in their navies, but is of the greatest moment to the manufacturers of armor plate in the United States. When the latest processes of armor plate manufacture by the Krupp company became known, the United States government became interested and it resulted in the Carnegie Steel Company, now a part of the United States Steel Corporation, and the Bethlehem Steel Company's obtaining licenses to manufacture the Krupp article in the United States. American ships were equipped with these plates and in time statements were made on the floor of Congress that there was a combination in the United States to keep up the price of the armor plate.

The Midvale Steel Company became a successful lower bidder for government contracts and little has since been heard of alleged combinations in this respect. It is said that had the Midvale company lost its suits it might have been shut out from successfully bidding against the concerns holding licenses to manufacture armor plate on the Krupp process. The four suits involved alleged infringement on a process of manufacturing armor plate, on a process of improving the quality of steel armor plates, on a process of hardening and toughening armor plate, and on a process of improving armor plate.

The court takes up the patents and declares that the fifth claim in a patent granted on February 12, 1895, for a process in the manufacture of armor plate is "void for lack of patentable novelty." It also decrees that a claim in a patent granted on February 6, 1900, for a process of improving the quality of steel armor plates is void, as it does not involve invention. On the other two patents the court declares there was no infringement.

It could not be learned here tonight whether the German corporation will take the case to the Supreme Court of the United States. The suit was begun in 1906.

NORTHERNERS ARE DECORATED.

Atlanta Girls Presented Bronze Medals to Visitors.

Atlanta, Ga., Oct. 11.—Proudly wearing medals of bronze given them by some two score young women of the city in honor of their presence at the celebration of the mission of peace to the North in 1879, by the Gate City Guard of Atlanta, the 2,000 or more Northern soldiers returned tonight to their homes. The decoration ceremony took place today on the terrace of the Piedmont Driving Club, following a breakfast given to the young women and local military men by the Richmond Blues.

In the afternoon a reception was given by the local Daughters of the American Revolution and tonight the Ancient and Honorable Artillery of Boston, gave a brilliant reception at the Piedmont hotel.

The last of the Eastern commands to leave the city will be the State Fencibles of Philadelphia, whose special train is due to leave early Thursday morning. Accompanying the Fencibles will be Mayor J. E. Reyburn, of Philadelphia, a delegation from the city council, and a party of newspaper men. En route they will stop over and parade at Spartanburg, Charlotte, Danville and Washington.

WAR-TIME CONSCRIPTION

National Guard Association Takes No Action

Buffalo, N. Y., Oct. 11.—The National Guard Association which closed its thirteenth annual convention here today, did not go on record in regard to war-time conscription as provided in a bill drawn by the War Department and submitted to Congress last year. The measure passed the House and will be re-introduced at the next session of Congress. The subject was referred today to the executive committee with instructions to confer with the War Department on the subject. Next year's convention will be held at Norfolk, Va.

ALL-SOUTH CONFERENCE

Nine Northern Governors Accepted Invitation

Memphis, Tenn., Oct. 11.—Nine State executives have promised to urge the people of their States to accept the invitation of the All-South Conference which was in session at Memphis Monday to "come South" during the semi-centennial years of 1911-1915. Governors Woodrow Wilson, of New Jersey, Harmon, of Ohio, Carey, of Wyoming, Sloan of Arizona, Pothier, of Rhode Island, Deneen, of Illinois, Norris, of Montana, and Hawley, of Idaho, replied to the telegrams of the conference today endorsing the proposal.

M'NAMARA TRIAL AT LOS ANGELES

Famous Case Grew Out of Dynamiting of Times Office

INDICTMENT CHARGES MURDER

Twenty-One Met Death in Explosion. Eighteen Men, One Woman Indicted—Contest Between Labor and Capital.

Los Angeles, Cal., Oct. 11.—James B. McNamara went on trial for murder here today before Judge Walter B. Ordwell in the Superior Court amid circumstances as austere and simple as proverbial Western justice. District Attorney John D. Fredericks, for the prosecution, elected to try him for the murder of Charles J. Haggerty, a machinist who, with 20 other men, met death in an explosion and fire which wrecked the Los Angeles Times building October 1, 1910.

This case was picked from 19 indictments for murder found against the prisoner, his brother, John J. McNamara, secretary of the International Association of Bridge & Structural Iron Workers; William Caplan, and M. A. Schmidt, both at large, and four unidentified persons specified as John Doe, Jane Doe, Richard Doe and John Stiles. Haggerty's body was that nearest the spot where the explosion occurred. The prosecution contends that this explosion was caused by dynamite; the defense that it was caused by gas.

The new hall of records in which the trial is being held, is only a stone's throw from the scene of the explosion. This was the setting of the legal stage. Upon it counsel for the defense, headed by Attorney Clarence S. Darrow, of Chicago, in questions to the jury and arguments to Judge Bordwell, sought to depict a mighty contest between organized labor and its opponents, without much opposition from the prosecution.

Attorney Le Compte Davis, examining jurors, headed straight for this point.

"Are you aware that there is a bitter warfare between capital and labor?" he asked Z. T. Nelson, the first venireman examined.

"Yes," said Nelson.

"And that most men have taken sides?"

"Yes."

"Have you the opinion that labor unions as they exist are proper or that they are inimical and a menace?"

To this the prosecution objected because "counsel is asking the opinion of the witness on evidence that may arise during the trial."

"He may answer," said Judge Bordwell, and Nelson said he was "not prejudiced."

"Do you take the Los Angeles Times? and do you read the weekly page devoted to animadversions on labor?" were other questions put.

Nelson was still being questioned when court adjourned.

It was not until court opened today that the defense could make formal demand for separate trials for James McNamara and his brother John. Hence the brothers, handcuffed together were taken to court.

In the court room where only a moderate crowd of spectators gathered the formal opening of the case was not heard ten feet from the bar.

"Case 6,939—James B. McNamara," said some one casually after District Attorney Fredericks had announced his selection and the trial was on.

John J. McNamara was allowed to remain during the brief morning session, but in the afternoon the younger brother sat alone against the rail.

Following a brief recess in the afternoon G. C. Kemp, a venireman, was excused as was W. A. Spalding, secretary of the civil service commission of Los Angeles. Spalding was excused after he had refused to plead exemption on official grounds.

Tomorrow is a State holiday and no session of the court will be held.

GIRL'S FEARFUL ORDEAL.

Coatesville Negro Who is Candidate for the Hemp—For Court.

West Chester, Pa., Oct. 11.—Almost collapsing with nervousness as the result of her experience, 15-year-old Annie McIlhaney testified against Thomas Harmon, the negro charged with attempting to assault her on Monday night near her home at Coatesville. She positively identified him as her assailant. The only other witness heard was the State trooper who had made the arrest. At the conclusion of the brief hearing the negro was held to await trial at the January term of court here.

WHY COTTON IS LOW.

Caused by Gamblers and Speculators, Says Governor Cruce.

Oklahoma City, Oct. 11.—"The present conditions prevailing in the cotton market are the outgrowth of a combination of gamblers and speculators," said Gov. Cruce, replying to a message from Gov. Colquitt, of Texas, suggesting a conference of the Governors and secretaries of boards of agriculture of the cotton growing States in an effort to devise means of remedying conditions. Gov. Cruce says the present low price of cotton is not justified by conditions.

THE RAILROAD COMMISSIONERS

Refused to Recommend Laws Concerning Operation of Express Business by Railroads—Other Measures Rejected.

Washington, Oct. 11.—The National Association of Railway Commissioners, in annual convention here today refused to go on record as favoring legislation abolishing the express companies of the country, by compelling the railways to take over the express companies. A resolution committing the body to such legislation, offered by George Rice, State Railway Commissioner of South Dakota, was referred to the committee on express service and rates.

The committee had practically recommended legislation along the lines of the resolution, but the concensus of opinion was that the convention did not have sufficient information after only one year's investigation to urge such broad legislation. Another resolution, offered by Mr. Rice, endorsing legislation to prohibit express companies from owning stock in any other express company or in railroads, and railroad companies from holding express company stock, was lost 19 to 30. The following officers were elected: Charles F. Staples, of St. Paul, Minn., of the Minnesota Railroad & Warehouse Commission, president; O. P. Gothlin, Columbus, O., of the Ohio Railway Commission, first vice president; H. Warner Hill, Atlanta, chairman of the Georgia Railway Commission, second vice president; William H. Connolly, chief clerk of the Inter-State Commerce Commission, secretary, and William Kilpatrick, Chicago, secretary of the Illinois Commission, assistant secretary.

The committee on grade crossings and trespassing on railroads recommended State laws requiring the elimination each year of a given number of grade crossings.

"The spirit of 'taking the chance' seems to have become such a part of human nature," says the report, "that each one seems bent on caring for himself and let others do the same. The reckless drivers of automobiles are adding greatly to the list of injuries and fatalities at grade crossings."

TWO BAD NEGROES LYNCHED

Riddled With Bullets and Thrown Into Mississippi River

Caruthersville, Mo., Oct. 11.—Two negroes A. B. Richardson and B. F. Woods, were taken from the jail here last night by a mob which battered down the doors, and lynched. The body of Richardson, riddled with bullets, was found at noon toay floating in the Mississippi river. That Woods met a like fate is the accepted belief.

For some time feeling against the negroes has been at a high pitch, which presaged trouble. Negroes of a suspicious character were warned to leave the city and many complied.

Richardson, regarded as a desperate man, was locked up while the police were investigating several robberies.

Woods was arrested last night for an attack upon two young white women as they were returning home from a store in which they are employed. News of the arrest brought 75 masked men to the jail. They broke into the cells and dragged the negroes out and disappeared.

DIRECT STATE PRIMARY.

Senator Bourne Sends Letter to Republican Committee.

Washington, Oct. 11.—On behalf of Republicans who believe in direct primaries, Senator Bourne, of Oregon, today issued a letter asking that as far as possible every member of the party be given an opportunity to express his preference for candidates for President and Vice President next year.

The Senator's letter is addressed to the members of the Republican National Committee and requests that when the call for the convention is issued next year it shall contain a strong recommendation that in all the States, wherever practicable, the State committee call Presidential primaries at least 30 days prior to the National convention.

OUTLINES.

FIERCE BATTLE DOWN IN MEXICO

Insurrectos Mowed Down by Mauser Rifles of Volunteers.

REBELS LOST 130 KILLED

Many Were Captured—Rebels Were Poorly Armed and Consisted Largely of Indians—Government Troops Killed

Tuxtula, Gutierrez, Chiapas, Meico, Oct. 11.—Fighting late Monday afternoon for the possession of the little town of Chiapella held by insurrectos whose strength was estimated at 900, a force of volunteers numbering 190 killed 130 rebels and captured 106 eighteen of whom were wounded. The loss to the government force is given as less than a dozen killed.

Early reports were that the State troops met with little opposition but it now is known that the encounter was the fiercest since the beginning of the insurrection. The State troops were commanded by Colonel Manuel Paz.

"General" Antero Ballinas commanded the rebels and according to the prisoners he escaped with the majority of his force. His second in command, "Colonel" Marcelino Jimenez, was killed.

The rebel force was three-fourths Chamula Indians. They were armed principally with machetes and a few antiquated fire arms. Upon receiving word that the troops were advancing the insurrectos dug trenches and prepared to withstand the attack, but it was impossible for the leaders to control the Indians who ran forward to hurl their lances, exposing themselves to the fire of the Mausers. For two hours the volunteers raked the ditches with their fire, but at the end of that time the defenders fled leaving behind a mortar and an old cannon from which they had managed to fire a few ineffectual shots.

Colonel Eduardo Paz with a force of regular army, arrived here yesterday and probably will lead a column in to the disaffected region at once.

THE ECUMENICAL CONFERENCE.

Divorce, Socialism, Labor Unions and Wealth Were Topics.

Toronto, Oct. 11.—Divorce, Socialism, Labor Unions and Wealth were some of the subjects concerning which emphatic opinions were expressed by speakers at the sessions of the Ecumenical Methodist conference here today. The general topic was "The Church and Social Service."

Divorce was sharply discussed by the Rev. Dr. Gross Alexander, of Nashville, Tenn., editor of The Methodist Review. He asserted that there is "urgent need for more preachers like Dr. G. G. Richmond, of Philadelphia, who fearlessly exposed the iniquity of the recent marriage of a divorced millionaire. All honor to him and equal honor to the poor Methodist preacher who flatly refused a fee of $10,000 to perform the ceremony, and then declined the gift of another $10,000 offered to him as a reward for doing his duty."

"Socialism, Christian and Anti-Christian," was the topic of the Rev. B. B. Haddon, of Gates Head on-Tyne, England. "There is a Socialism," he said, "which denies God, ignores the Bible, trifles with family ties and sacrifices the individual to society. Such Socialism can receive no quarter from the Christian. But this type is passing away. The leading Socialists of today are Christians in spirit and purpose. Christian Socialism demands a change in modern conditions which are nothing less than a scandal to civilization."

"That the Labor Union is the greatest single blessing, in the United States, next to the public school," was the statement of the Rev. George Eliot, of Washington, D. C. "Nothing is doing more to make homogenous our population than our Labor Unions," he said.

An innovation was a resolution presented by the business committee calling for the creating of what would be practically a world's welfare commission. Action was deferred, but it is expected that before the close of the conference a permanent International Methodist Commission will be created, composed of fifty delegates from the eastern division and an equal number from the western.

Delegates today received many messages endorsing the position of the convention as expressed in the adoption of a resolution yesterday, advocating universal peace and urging "the Christian nations represented in the Ecumenical conference speedily to take the necessary legislative action to consummate the arbitration treaty, which has been signed by the representatives of the British Empire and the United States."

Akron, Ohio, Oct. 11.—With a crash that could be heard all over the city, the reinforced concrete viaduct over the Cleveland, Akron & Cincinnati Railroad collapsed early today, crushing the railroad company's freight house like pasteboard. Viaduct was erected only a few years ago at a cost of $150,000.

PRIMARY ELECTIONS BLAMED

Nominating Method Condemned Because It Was Misused by Corruptionists—Investigation of Stephenson.

Milwaukee, Wis., Oct. 11.—Political evil in Wisconsin began with the advent of the primaries as a means of nominating public officials, according to Levi H. Bancroft, attorney general of the State, who testified today before the Senatorial committee, which is investigating the election of United States Senator Isaac Stephenson.

Bancroft was called to explain what he did with $250 which was paid him out of the $107,793 Stephenson campaign fund. He declared that the money paid him while he was a candidate for Assemblyman, was not used to further his own interest, but was expended entirely in Senator Stephenson's behalf, while the latter was seeking nomination for the Senatorship at the primaries in 1908. Referring to the fact that Senator Stephenson failed to make a detailed account of his expenditures other than that certain sums were paid to individuals, Bancroft said it was his opinion that the corrupt practices act did not require a detailed account of what each man spent.

"We had never had talk of corruption in this State before," said Bancroft. "It all came about since we got the primaries and now there is nothing but political evil."

As for the money he had received, Bancroft said he spent it as fast as possible, for he was glad to be rid of it.

"You never heard of any money being used corruptly in the election of Mr. Stephenson?" asked Chairman Heyburn.

"Never a cent. Senator Stephenson always was considered above investigation in this State, until he got into the United States Senate."

Chellis C. Weyland, of Milwaukee, testified that out of $1,199 he has received, $5.35 went for chewing gum. Asked what he did with the chewing gum, Weyland said: "Why, I gave it to young women. It was a good argument to win them over."

The committee sent a request to the State authorities at Madison, asking for all papers used in the previous investigations by the Legislature of the Stephenson charges. W. L. Essman, custodian of the papers, said that the papers had been put in two boxes. On coming to Milwaukee today he reported that one of the boxes was missing. He was unable to say until he examined such papers as he had what documents were missing.

DISSOLVING TOBACCO TRUST

Reorganization Plans to Be Announced Friday

New York, Oct. 11.—Re-organization plans of the American Tobacco Company will not be filed before Friday next, according to a statement this afternoon by counsel for the company, following a conference with Judge Noyes of the United States Circuit Court.

The Cigar Manufacturers' Association of America have joined the National Cigar-Leaf Tobacco Association in retaining Louis D. Brandeis, of Boston, lawyer, and Felix H. Levy, of this city, to safeguard their interests in the re-organization of the American Tobacco Company. It became known today that the directors had adopted a resolution appointing a committee of three to co-operate with other associations by naming delegates to the conference here on October 19th of all organizations in the tobacco allied trades.

THE COMMERCIAL SECRETARIES.

Officers Chosen and Houston Named As Next Meeting Place

Memphis, Tenn., Oct. 11.—J. S. Warren, industrial commissioner of the Memphis Business Men's Club, was elected president of the Southern Commercial Secretaries' Association, and Houston, Texas, was selected as the next meeting place. Adolph Boldt, of Houston, Texas, was chosen secretary. Vice presidents for their respective States were elected as follows: Alabama, J. F. Carter, Jr., Mobile; Arkansas, J. A. Ward, Helena; Florida, Abbott Waterman, Pensacola; Kentucky, A. B. Lipscomb, Louisville; Louisiana, E. L. McCoglin, Shreveport; Mississippi, F. H. Andrews, Vicksburg; South Carolina, A. V. Snell, Sumter; Tennessee, J. P. Winn, Chattanooga; Texas, J. R. Babcock, Dallas; Virginia, W. L. Shafer, Roanoke; Maryland, Edward L. Quarles, Baltimore.

ARMY AVIATORS ON FLIGHT

Effort to Go From Annapolis to Fort Monroe

Washington, Oct. 11.—Lieutenant Ellyson, in charge of the naval areonautical school at Annapolis, accompanied by Lieutenant Power, left in a naval hydro-aeroplane today from Annapolis for Fort Monroe, Va., and landed on the beach at Smith's Point, Va., the mouth of the Potomac river, 65 miles south of Annapolis. Lieut. Ellyson telegraphed this report to the Navy Department this afternoon.

FOREIGN COTTON GROWING

European Spinners Favor Continued Experiments

Berlin, Oct. 11.—The International Committee of the Cotton Spinners and Weavers Society, today debated at length the question of cotton growing in non-American countries. The committee sent a request to the various governments to continue energetically their experiments in the cultivation of cotton, without being influenced by the prevailing low American prices.

MAKING TROUBLE IN TAFT'S CAMP

Removal of Secretary Wilson is Urged Upon President.

CONSUMERS' LEAGUE IS MAD

Dr. Wiley Commended and President Taft Praised—After Scalp of McCabe and Dunlap—Charges Against Wilson.

Norfolk, Va., Oct. 11.—Resolutions commending the work of Dr. Harvey W. Wiley, chief of the bureau of chemistry, praising President Taft for his exoneration of Dr. Wiley "from the foolish and unfounded charges made against him," and urging the removal from office of Secretary of Agriculture Wilson, Solicitor McCabe and Associate Chemist Dunlap, of the department, were adopted today by the Food Committee of the National Consumers' League at its meeting here.

The resolutions endorse Dr. Wiley for "his efforts to have the food and drugs act enforced for the benefit of the consumer as well as the manufacturer," and urge Congress to amend the food and drugs act so that hereafter Dr. Wiley "may be given a free hand" in its enforcement.

Among the reasons advanced in a statement issued by the league's committee for urging the removal of Secretary Wilson, are the allegations that he "used his official position to force" the Denver convention of the association of State and National food and dairy deparytment "to vote in favor of the use of the drug sodium benzoate, in foods;" that he "has used his official position to favor the adulteration of the manufactures of foods, drugs, liquors and medicines"; that he allowed the food law to be "set aside", for the production of glucose, labeled as "corn syrup"; that he was instrumental in giving the solicitor of the department the right to decide whether suits shall be brought for violation of the food law, after samples "have been found to violate the law," and that the law dealing with the labeling of beers "has not been enforced."

TRAGEDY IN TENNESSEE.

Man Shoots Another for Ruining 13-Year-Old Sister.

Nashville, Tenn., Oct. 11.—E. W. Carol was shot five times this afternoon and instantly killed by Weaver Smith, who charges that the dead man ruined his 13-year-old sister, Carline Smith, who disappeared from Nashville last Sunday and was found two days later in a deserted house near the city in company with Ed Turbeville.

Carol and Smith are both railway firemen and had been friends for years. Carol is 35 years old and married, while Smith is 22. Carol had lived at the Smith home for more than a year and in this manner became acquainted with the little girl he is charged with having wronged.

After the capture of Turbeville in company with Carline by Smith, Turbeville is said to have charged that Carol was responsible for the girl's downfall. The story reached the ears of the father and brother of the child and this afternoon Weaver Smith went to the railway yards and found Carol preparing to leave on his engine for Chattanooga. At the point of a pistol Smith forced Carol to accompany him to the Smith home where Carline was confronted with the man and told that she must tell the truth about their relations with Carol. Whereupon the girl told the entire story of her ruin, which she said was accomplished by Carol about a year ago. Weaver Smith then fired several shots into Carol's body with fatal effect. He then surrendered himself to the officers.

DURHAM AFFAIRS.

Want County Fair—Station Improvements—Postal Savings Bank.

(Special Star Correspondence.)

Durham, N. C., Oct. 11.—Talk of the Durham county fair has been revived and people are anxious to see this city have as great a showing as Greensboro, Burlington or Charlotte. The Merchants' Association will take some action at its next meeting. Last year the tobacco planters wanted and did their best to have a tobacco fair, and the same thing was tried the year before, but no encouragement was given. The hobby was given enough advertisement to cause the people of Winston-Salem to get on to the idea and have a big show. Most of the counties find that fairs pay, and, while Durham is well located between Raleigh and Greensboro, there are many people here who think that a Durham county fair would pay well.

The union station in this city is to undergo at once some extensive repairs, such as repainting, new system of guttering, and other things. The repairs will be very extensive, and will cost probably $3,000, and may go as high as $5,000.

The postal savings bank at Durham was opened for the first day Saturday. The money deposited was not a great sum, as has been the case in some instances, the amount being only $16.20. This is probably indicative of the confidence that the people of Durham have in their excellent and perfectly reliable banks.

SPORTING NEWS

WORLD SERIES BALL GAME

Rain Interfered With Practice of New York Giants Yesterday—Champions Will Battle on Diamond Next Saturday.

New York, Oct. 11.—The surface of the big arena at the Polo Grounds, where the initial battle of the world's championship series will be staged on Saturday, was soaked by a persistent Autumnal rain today and the double-header scheduled between the Giants and Brooklyn had to be postponed. Despite this loss of a chance to drill his forces, however, Manager McGraw managed to make the afternoon a profitable one in training certain of his brightest stars for the approaching fray.

Those who managed to get a peep behind the imposing steel framework which forms the new grand-stand encircling the playing space, saw an interesting exposition of McGraw's methods of schooling ball players. The ground dried off during the afternoon sufficiently to admit of practice and McGraw trotted out his principal batteries and put them through their paces. In turn Mathewson and Marquard were sent into the box and while McGraw stood at the plate "Chief" Myers at the receiving end gave his arm a work-out in repeated throws to second. McGrow made the test realistic by stationing a runner on first and having him go down with the pitch. In a few trials the big Indian showed that he "had the range" after his long rest. He appeared to be in fine fettle. The base running was done by some of the Giants' most fleet footed players, with all the conditions of a real game simulated. Neither Marquard, the big left hander, nor Matty overexerted himself in the rather raw air, but each appeared to be in the pink of condition, and able to "go the route" when called upon.

The last games of the year are scheduled for tomorrow and weather permitting, the locals will end their season in a double-header with Brooklyn at the Polo Grounds.

They will have to win both games to get over the hundred mark and tie the the Athletics in the number of victories for the season. It is expected that McGraw will put his full line of regulars into action and try them out thoroughly in these last contests.

Happy enthusiasts were scattered all over New York tonight when mail carriers began delivering the tickets which will admit them to games in this city. Clerks were still busy tonight cleaning up their work of allotting reservations and preparing for the open sale of remaining seats which begins tomorrow.

Few big wagers on the world's series were reported here up to tonight. Hundreds of small bets between friends, however, have been made, for the most part at even money. A party of old ball players has put up $500 against $5,000 that the Giants would win four straight games from the Athletics. The big end of the bet was taken by E. E. Smathers, acting for a syndicate.

AUTOMOBILES ARE THE PRIZES

Ty Cobb and Schulte Are Lucky Ball Players

Chicago, Oct. 11. — Outfielder Schulte, of the Chicago National League club, and Ty Cobb, of the Detroit American League team, won the automobiles offered this year for the player in each league who was adjudged b a "jury" of newspaper men to have been of most service to his club in 1911, it was announced here today. The presentation was planned to take place in New York or Philadelphia later. No one line of endeavor determined the award this year the winner being scored according to his general efficiency. Cobb's percentage was .1,000 and Schulte's .456 under the system used.

ANDERSON LYNCHING.

Body of Negro Cut Down by Sheriff and Coroner Yesterday.

Anderson, S. C., Oct. 11.—Sheriff King and Coroner Beasley went to Honea Path this morning, cut down the body of Willie Jackson, who was lynched last night for criminally assaulting a young white girl, empaneled a jury and held an inquest. The verdict of the jury was that the deceased came to his death from gunshot wounds at the hands of a mob.

No arrests have been made and as far as can be learned no move has been made to apprehend the members of the mob. Sheriff King is at Honea Path this afternoon making an investigation. Everything is quiet.

New York, October 11.—"Battling" Nelson, who once fought his way to the light-weight championship, won handily tonight in a ten-round bout from "Willie" Beecher, a local lightweight, who twice defeated "Knockout" Brown. Nelson's appearance in the arena of the Madison Athletic Club was cheered by a large crowd of boxing enthusiasts, for it was the old champion's first fight in New York.

THE BASEBALL MATINEE.

Call at Struthers' or Baxter's and Reserve Your Seat.

For the benefit of the fans in the city who would like to get a reliable, detailed account "fresh off the bat," of the world's series to start at New York Saturday, Messrs. Horace Emerson and Hugh Hines are endeavoring to make arrangements to receive the returns by wire in the Crystal Palace, giving out every detail of the plays by megaphone. The service will cost at the lowest estimate $35 per day, and in order to insure themselves to a certain extent against loss they have placed the tickets of admission at Baxter's and Struthers' cigar stores, and ask that everyone who wishes to attend the baseball matinee call at either place this morning and buy their tickets which will be 25 cents each. The success of the venture depends upon the number who signify their intention of helping the move along by purchasing their tickets by 1 o'clock today, as final arrangements must be made with the Western Union this afternoon, and if sufficient number have purchased tickets to encourage them that the venture will be a success, arrangements will be concluded. Every play will be given and also all the preliminaries before the game, and with an active imagination those present can get almost the same satisfaction as if they were themselves at the Polo Grounds watching the every movement of the Athletics and the Giants, and then you don't have to pay $4.00 for a seat either. Eveyone is urged to either call or phone their orders this morning early as failure to do so will result in the failure of the matinee.

If the movement goes through the Western Union Telegraph Company promises to furnish something that has never been witnessed in Wilmington, a really continuous report of the game, with description of every play made, including the practice before the game, the coaching of the respective managers, every movement of every player, every disputed decision and every decision of the umpires, and will be worth many times the price of admission to any fan who is at all interested in the great battle for world's supremacy in the great American game.

YACHT CLUB EVENT SOON

Carolina Will Present Prizes to Winners of Season's Races

The presentation of prizes to the winners of the season's races by the Carolina Yacht Club, Wrightsville Beach, on Friday evening, October 26th, will be made an interesting and pleasing occasion, a number of features having been arranged for the evening. The winners this year are Capt. J. Stevenson Brown, who takes the Jones-Walters trophy, and Capt. Edwin A. Metts, who won the prize offered by the club. The awarding of prizes is the final event and gala occasion of the season and promises to be of unusual interest this year. A handsome trophy is given this year by Mr. Henry Walters, of Baltimore, and Mr. Pembroke Jones, of New York, both well known financiers, who have been members of the club for years, and there were a number of exciting races last Summer in the cup winning events. An informal dance will also be given and refreshments served in conection with the presentation of the prizes.

ALL-STARS AT RICHMOND

Athletics of American League Defeated — The Score 13 to 8

Richmond, Va., Oct. 11.—The All-Stars had little trouble in defeating the Athletics of the American League here today by a score of 13 to 8. year at the local park, lifting the ball Krause hit the longest drive of the year at the local park, lifting the ball high over left field fence for a home run. Neither team showed remarkable defensive powers, the men being unwilling to take chances. More than nine thousand people witnessed the game. Mack used Morgan, Krause and Coombs in the box who yielded 15 hits, while his men got the same number from R. Collins and Mullin, who pitched for the All-Stars.

Bad Blood.

Mr. C. J. Christian, of Americus, Ga., had serious blood trouble. Of his experience he writes: "My blood got wrong. Every little scratch made a bad sore. I had little risings or boils on my neck, and used several dollars worth of salves of different kinds without relief, receiving no benefit. Mr. Blanchard of the twice-a-week Press of this city, recommended K. E. B. P. I used two bottles and am well—sores and boils all gone, only a few scars being left on my neck and hands to show how much I suffered. I cheerfully recommend K. E. B. "BOB" GANTT RETURNS.

Trinity Pitcher With Baltimore During Summer—Championship Games

(Special Star Correspondence.)

Trinity College, Durham, N. C., Oct. 11.—"Bob" Gantt, Trinity's former famous baseball pitcher has returned to college from Baltimore, where he has been playing with the Baltimore Americans during the past Summer. He has finished the season and has returned to college to complete his law course, and will take his examination before the Supreme Court in February. He may decide to locate in Durham, and practice here for a while, though he is very much in the notion of returning to Baltimore for the season next Summer, and perhaps another after that.

Manager Dunn, of the Baltimore team, is of the opinion that Gantt has in him the making of a world pitcher, and is very anxious to add him to the "Orioles" as a permanent member of the twirling staff. "Bob", as he is known among Trinity men, can go back if he only wants to do so.

Speaking of the world series between the Philadelphia Athletics and the New York Giants, Gantt said that the sentiment where he has been is that the Giants will take the series; that the Giants do not believe the Athletics can hit Matthewson and Marquard, and that the Philadelphia pitchers will be bumped. He says that there is not much money to be had on the opening game, it being conceded that Matthewson will pitch and win it.

TIME UP FOR $50,000 PRIZE.

Hearst Offer for Coast to Coast Flight No Longer Incentive.

New York, Oct. 11.—Calbraith Rodgers, the aviator who broke the international cross-country record for aeroplane flight, yesterday, at the same time lost his last chance to win the $50,000 prize offered a year ago by William R. Hearst to the first aviator crossing the continent between New York and San Francisco in thirty days.

The conditions under which the prize was offered provided that it must be completed within a year after the offer.

Kansas City, Mo., Oct. 11.—C. P. Rodgers, the coast-to-coast flyer, arrived at Kansas City today. He has covered 1,482 miles, according to railroad mileage, and is within a few hours flight of the half-way mark of his journey.

Rodgers soared over the city this afternoon, after landing here this morning. His flight was but nine miles, however. He plans to stay here tomorrow to overhaul his engine and to start west Friday. Rodgers began his flight today at Marshall, 84 miles from Kansas City, at 8:24 o'clock.

TRAGEDY IN IREDELL.

Young Man Struck by Another Succumbs to His Injuries.

Statesville, N. C., Oct. 11.—A tragedy occurred in the northern section of the county last evening when June Summers, a young white man, aged about 18 years, was struck on the head with a stick by Walter Russell, also white, and fatally injured. The trouble occurred about sun-down yesterday afternoon and Summers died this morning about 8 o'clock. Sheriff Deaton immediately offered a reward of $50 for Russell's arrest, and officers and citizens have been searching for him ever since the tragedy. He is about 23 years old, five feet and ten inches in height, has light hair, and blue eyes and was wearing blue overalls, a white sweater, tan shoes and a black hat. He left the community on foot and it is believed he will be captured. The tragedy occurred near a saw mill operated by Jas. Shurch. The cause of the trouble is not known, as only a few words passed between the men, it is said, when Russell suddenly seized a piece of an old wagon tongue and struck Summers a blow on the head which crushed his skull. As soon as Summers fell Russell ran, and although several men who were nearby gave chase, he managed to elude them. Russell is from Virginia. Summers is a son of Mr. Gus Summers, a citizen of Olin township.

CAROLINA ASSOCIATION

Fate of League for Next Year Will Soon Be Known

Charlotte, N. C., Oct. 11.—During the next week the fate of the old Carolina League will most probably be determined, when the directors of the league will convene in Charlotte to carefully canvass the situation and ascertain what the general opinion is among baseball magnates and fans.

The directors have at a recent meeting in Charlotte, raised the salary limit from $1,200 to $1,400 and also the guarantee or forfeiture was greatly increased. This action may become a factor of considerable importance in determining the future of the Carolina Association many hold the opinion now that a league composed strictly of North Carolina cities will be organized for the coming season, and it is said that the South Carolina members of the Association have so far raised little or no objection to the plan mentioned. The session of the directors in this city shortly will therefore be an important one and its outcome will be generally awaited with interest.

PESSIMIST HILL.

Predicts Many Idle Men This Winter. Business Conditions.

St. Paul, Minn., Oct. 11.—"There will be more idle men this Winter than ever before," predicted James J. Hill, discussing the condition of business over the country and particularly in the West.

"This is the reason," continued the chairman of the Great Northern Railroad:

"Our capacity for production along industrial lines has grown faster than our consumption along the same lines.

"Some years ago the farmer had to raise enough to feed him and another man in the cities; now he must raise enough for himself and for two other men."

"Business is sound," he said, "but no new enterprises are being started. The politicians and newspapers are to blame. There is too much political ghost dancing. The people are not given the facts. There is uncertainty as to the future on this account rather than on account of the Supreme Court decisions."

THE WILMINGTON BAPTISTS

Eleventh Annual Session of Association at Richlands, N. C.—Strong Report on Temperance—Other Proceedings.

(Special Star Correspondence.)

Richlands, N. C., Oct. 11.—The 11th session of the Wilmington Baptist Association met with the Richlands Church yesterday, and was called to order at 11 o'clock by Rev. F. A. Liles, the pastor, and after singing by the audience and prayer by Rev. J. J. Beach, of Carey, N. C., Rev. R. E. Peele preached the introductory sermon, announcing as his subject "The Creed of Christ." The sermon was unique and powerful and emphasized the thought that the religion of Jesus Christ produces a character like that of Christ and where this character is not found, true Christianity is wanting. After the sermon the Moderator, G. E. Leftwich, took the chair and the roll of churches was called and messengers enrolled. The reorganization of the body was entered into and G. E. Leftwich, of Wilmington, was elected moderator and W. B. Rivenbark, assistant moderator. S. F. Garrison, of Wilmington, was elected clerk, and O. B. Cox, of Richlands, treasurer.

The afternoon session was opened with a devotional service led by Rev. A. C. Chaffin, of Sea Gate.

The first report of the afternoon was on the Biblical Recorder, which is the organ of the State Convention of Baptists. The report was read by Rev. R. E. Peele, of Burgaw, and was spoken upon by Rev. J. J. Beach, of Carey, who was present as the Recorder's special representative. Some remarks were made upon this subject by Dr. J. H. Foster, Rev. R. E. Peele and Rev. C. F. Whitlock. Rev. R. E. Peele next read the report on temperance, which was as follows:

Report on Temperance.

Talk is cheap. Aaron could talk, but Moses did the work. The temperance question is talked to death. Something has got to be done. Talk will not settle it; it rather keeps it unsettled. Resolutions will not settle it. What we resolve to do must be done. While we are fuming and fussing and discussing and sometimes cussing over the subject; the devil is rolling off the liquor jugs at every station and the express company is running an open saloon at every railroad office in the country. The Southern Express car barrooms and cigarette tobacco trusts are playing hell from sea to sea and from Canada to Mexico, not to speak of the uttermost parts of the earth. What the country needs is a man, and one or two others to help him. Prohibition will prohibit when you put a man at the head of it and behind it, one to pull and the other to push. The curse of Meraz is upon us, cowardice or false humility or downright laziness in damning us. We are whining and grumbling and growling when we ought to get down to business, and put the liquor seller out of business.

Addresses Made.

Rev. Peele made a strong speech upon this subject and Dr. Foster and others spoke upon it after which the report, together with some strong resolutions, was unanimously adopted by the body.

Old Ministers' Relief was next taken up and the opening speech was made by D. L. Gore, who was followed with remarks by several others.

In the routine business D. L. Gore was elected a delegate to the Southern Baptist Convention, which meets at Oklahoma City next May, and C. F. Whitlock, W. G. Hall and A. C. Chaffin were elected as messengers to the State Convention, which meets at Winston-Salem in December.

At night the subject of State Missions was presented. The report being read by Rev. W. G. Hall and discussed by E. L. Middleton, of Raleigh. Mr. Hall and others.

BIG RALLY IN COLUMBUS.

Farmers' and Educational Gathering in November—Baptists.

(Special Star Correspondence.)

Whiteville, N. C., Oct. 11.—The Columbus County Farmers & Educational Rally will take place at Chadbourn on Wednesday, November 8th, and it will be a grand day for the county and its farmers. A splendid programme has been arranged. Dr. H. Q. Alexander, State president of the Farmers' Union, will deliver an address. Dr. Hill, president of the A. & M. College, will also be present and speak. Dr. Schaub, head of the Boys' Corn Clubs of the State, will lecture. Mr. George H. Thompson, who had charge of last year's farm exhibit, which was so successful, will have charge of the exhibit again. Sixteen local Farmers' Unions have expressed their purpose of having community exhibits. Others are expected to join in. Prizes will be offered. Rev. R. T. Wooten, superintendent of education, will have charge of the educational feature of the day and expects to have 2,500 or 3,000 school children present. Mr. O. M. Powers is chairman of the entertainment committee. Special trains will be run by the Atlantic Coast Line.

Mrs. J. C. Sykes, who has been in Wilmington for some time, under treatment of Dr. Bulluck, spent several days with her parents last week, returning Monday to enter a hospital.

The Cape Fear Columbus Baptist Association, composed of the Baptist churches of Columbus county, will hold its 13th annual session on Thursday, Friday and Saturday, October 19th, 20th and 21st. This promises to be one of the best sessions of the association ever held. There are about 35 churches in this association, with a membership of about 4,500. Their gifts to missions, benevolences and general church expenses will probably total a larger sum this year than in any previous year.

Is the World Growing Better?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. You'll see. 50c at R. R. Bellamy's.

PRICE COTTON PICKER

Demonstration to Be Given at Charlotte, Oct. 17th to 31st

(Special Star Correspondence.)

Charlotte, N. C., Oct. 11.—For the first time in the South Atlantic States, a perfected Price-Campbell cotton picker will be operated near Charlotte from October 17th to 31st. Mr. William Philo Wood, secretary of the Price-Campbell Cotton Picker Corporation, has brought a machine to the city, and has already secured a large cotton field in which to show how thoroughly the machine accomplishes its work. The work of the machines in Texas resulted in the sale of all the machines the company manufactured this year and the work of the machine here will be simply to show the people of the South Atlantic States and those of the North who are interested, the machine in operation, Charlotte being selected on account of its location, accessibility, excellent hotel facilities and other advantages.

Three machines were shipped to Charlotte, but there was such a demand for them by Texas planters that it was found necessary to ship two of them to that State. The other machine, however, has been assembled and is ready for work. According to the Texas papers which watched the machine put through severe tests, the picker does the work of 35 to 50 hand pickers, picking the cotton as well if not better than the hands, and without injuring the plant, bolls, squares or blooms. The machine is operated by one man, a boy accompanying each machine to aid in the removal of the filled bags and as a general assistant to the driver.

The picking mechanism of the machine is entirely automatic in its action and consists of two batteries of steel picking spindles or fingers which enter the plant from both sides, revolving while in the plant and twining the cotton from the bolls. The fingers then pass through a stripper bar. After the cotton is stripped from the fingers it is conveyed through a cleaning mechanism and all trash is removed, so that the cotton when deposited in the bags at the rear of the machine is cleaner in most instances than hand-picked cotton. There are 816 picking fingers in the machine and as it picks but one row at the time it is rarely that the machine leaves cotton unpicked, the percentage picked being estimated at about 95 per cent.

The capacity of the machine in pounds varies accordingly to the condition of the crop. In a field of average cotton it will pick 6,000 to 8,000 pounds in a day of 10 hours. The machine is so constructed that by a change of parts, it may he converted into a cotton chopper, cultivator, harrow, gang plow, and made to serve other useful purposes on the farm, although these features have not been worked out to the same degree of perfection as the picking device.

Those who have seen the machine in operation on a commercial scale in Texas do not hesitate to declare that, as an economic factor, the picker ranks with the cotton gin, the loom, the harvesting machine and the typesetting machine, and that its coming marks an epoch in the cotton industry or the South.

NEGRO CONVICTED

Charged With Shooting Girl From Ambush Near Mount Olive

(Special Star Telegram.)

Goldsboro, N. C., Oct. 11.—Most of the day of Superior Court, now in session in this city, was consumed in taking evidence in the capital case of State vs. Cleveland Garner, colored, charged with the murder of Sarah Loftin, a colored girl, by shooting her dead in a cotton field near Mount Olive, from ambush some weeks ago.

The defendant appeared in court without counsel, whereupon Judge Peebles appointed Messrs. Langston and Allen and ex-Judge W. S. O. B. Robinson to defend him. All the evidence was circumstantial at the conclusion of which both the State and counsel were through speaking by 4 o'clock when the jury retired to decide the defendant's fate. After being out two hours the jury announced a verdict of murder in the first degree. The prisoner received the verdict very calmly and showed no emotion whatever when the words were spoken which doubtless sealed his doom in the electric chair. Judge Peebles reserved sentence until tomorrow morning. The verdict came as a surprise to the large crowd assembled in the court house as no one was expecting a verdict of anything other than murder in the second degree or acquittal.

FARMER KILLED BY TRAIN

Body of Mr. Wicker Found on Track Near Jonesboro

Jonesboro, Oct. 8.—The body of Oscar Wicker, a well-known farmer of this locality, was found dead alongside the tracks of the Atlantic Coast Line, this morning about 7 o'clock by Section Master Neal. Coroner Hoyle empanelled a jury, which, after viewing the body, rendered the verdict that the deceased had come to his death "by being hit by a train during the night." His back and both hips were broken.

Mr. Walker was 45 years of age, married and leaves a wife and three children, all young. It developed at the hearing that he had been attending a circus in town and that he had been drinking. He will be buried tomorrow from the Baptist church here.

EXPOSITION FOR WILMINGTON

Charter Granted Yesterday by Secretary of State—Shallotte Bank—Educational and Library Notes—Special Edition

(Special Star Correspondence.)

Raleigh, N. C., Oct. 11.—The Carolinas Cotton and Southern Industrial Agricultural Exposition Co., Wilmington, received a charter today with $25,000 capital and with Dr. Russell Bellamy, J. J. Crow, W. R. Kingsbury and R. H. Cowan as the incorporators, the purpose being to establish in Wilmington a great cotton exposition that will extend to the assembling of exhibits that will represent Southern industrial and agricultural progress.

Another charter is for the Boyd Feed Co., Hickory, capital $25,000 by C. M. Boyd and others.

There is an amendment for the charter of the Merchants' and Farmers' Bank, Shallotte, Brunswick county, so that the name is changed to the Citizens' Bank of Shallotte. The change is made because the original name is too similar to the Merchants' and Farmers' Bank of Charlotte, which has been in business in Charlotte many years. The Shallotte bank was only recently chartered and has not yet opened for business. E. H. Cranmer, J. W. Brooks, T. E. Cooper, J. W. Yates are among the principal incorporators.

The number of local tax districts for the improvement of rural district schools in North Carolina is now well passed, the 1,200 mark and new ones are being reported every few days. The latest comes from Gates county where Superintendent Costen reports an election carried unanimously, making eleven for Gates county.

There are now in this State about 2,000 rural school libraries and 800 supplementary libraries and the statement is made at the State Department of Education that there is steady and very gratifying growth both in the number of initial libraries and in supplemental libraries, the Department being especially interested in the increase of the supplementary libraries because the interest in these show the lasting and increasing interest in the library work in the communities. There has just been issued a special bulletin on the best use of the libraries under the direction of the teachers. In the monthly meetings of the County Teachers' Associations the topic of "How to Use the Rural Library" is receiving special attention at the urgent insistence of State Superintendent Joyner and Supervisor of Teacher Training J. A. Bivins.

The current issue of the Southern Trucker and Farmer contains an elaborate and very valuable article by Commissioner of Agriculture Graham, on North Carolina and her agricultural progress and possibilities. Along with the article is an excellent cut of Major Graham.

If at first you don't succeed, young man, remember there are other girls who are not so particular.

GAYLORD'S
Grand Fall OPENING!

PROVED

And it demonstrates the fact that the public are quick to appreciate a departure from "OLD-TIME" high prices on certain classes of goods.

It has always been customary to charge Big Profits on all millinery goods, for the reason that it is chiefly sold during certain periods during the year. But our trade is so large and our stock so great that we have put all millinery articles on an equal footing as to price with all other goods in our big store, and the result is that we have doubled the sales of any previous season.

Thanking our friends and patrons for their liberal patronage, we shall endeavor to still continue to merit same by giving the best values for the least money.

WORLD SERIES BALL GAME

Rain Interfered With Practice of New York Giants Yesterday—Champions Will Battle on Diamond Next Saturday.

New York, Oct. 11.—The surface of the big arena at the Polo Grounds, where the initial battle of the world's championship series will be staged on Saturday, was soaked by a persistent Autumnal rain today and the double-header scheduled between the Giants and Brooklyn had to be postponed. Despite this loss of a chance to drill his forces, however, Manager McGraw managed to make the afternoon a profitable one in training certain of his brightest stars for the approaching fray.

Those who managed to get a peep behind the imposing steel framework which forms the new grand-stand encircling the playing space, saw an interesting exposition of McGraw's methods of schooling ball players. The ground dried off during the afternoon sufficiently to admit of practice and McGraw trotted out his principal batteries and put them through their paces. In turn Mathewson and Marquard were sent into the box and while McGraw stood at the plate "Chief" Myers at the receiving end gave his arm a work-out in repeated throws to second. McGrow made the test realistic by stationing a runner on first and having him go down with the pitch. In a few trials the big Indian showed that he "had the range" after his long rest. He appeared to be in fine fettle. The base running was done by some of the Giants' most fleet footed players, with all the conditions of a real game simulated. Neither Marquard, the big left hander, nor Matty overexerted himself in the rather raw air, but each appeared to be in the pink of condition, and able to "go the route" when called upon.

The last games of the year are scheduled for tomorrow and weather permitting, the locals will end their season in a double-header with Brooklyn at the Polo Grounds.

They will have to win both games to get over the hundred mark and tie the the Athletics in the number of victories for the season. It is expected that McGraw will put his full line of regulars into action and try them out thoroughly in these last contests.

Happy enthusiasts were scattered all over New York tonight when mail carriers began delivering the tickets which will admit them to games in this city. Clerks were still busy tonight cleaning up their work of allotting reservations and preparing for the open sale of remaining seats which begins tomorrow.

Few big wagers on the world's series were reported here up to tonight. Hundreds of small bets between friends, however, have been made, for the most part at even money. A party of old ball players has put up $500 against $5,000 that the Giants would win four straight games from the Athletics. The big end of the bet was taken by E. E. Smathers, acting for a syndicate.

AUTOMOBILES ARE THE PRIZES

Ty Cobb and Schulte Are Lucky Ball Players

Chicago, Oct. 11. — Outfielder Schulte, of the Chicago National League club, and Ty Cobb, of the Detroit American League team, won the automobiles offered this year for the player in each league who was adjudged b a "jury" of newspaper men to have been of most service to his club in 1911, it was announced here today. The presentation was planned to take place in New York or Philadelphia later. No one line of endeavor determined the award this year the winner being scored according to his general efficiency. Cobb's percentage was 1,000 and Schulte's .456 under the system used.

ANDERSON LYNCHING.

Body of Negro Cut Down by Sheriff and Coroner Yesterday.

Anderson, S. C., Oct. 11.—Sheriff King and Coroner Beasley went to Honea Path this morning, cut down the body of Willie Jackson, who was lynched last night for criminally assaulting a young white girl, empaneled a jury and held an inquest. The verdict of the jury was that the deceased came to his death from gunshot wounds at the hands of a mob.

No arrests have been made and as far as can be learned no move has been made to apprehend the members of the mob. Sheriff King is at Honea Path this afternoon making an investigation. Everything is quiet.

New York, October 11.—"Battling" Nelson, who once fought his way to the light-weight championship, won handily tonight in a ten-round bout from "Willie" Beecher, a local lightweight, who twice defeated "Knockout" Brown. Nelson's appearance in the arena of the Madison Athletic Club was cheered by a large crowd of boxing enthusiasts, for it was the old champion's first fight in New York.

THE BASEBALL MATINEE.

Call at Struthers' or Baxter's and Reserve Your Seat.

For the benefit of the fans in the city who would like to get a reliable, detailed account "fresh off the bat," of the world's series to start at New York Saturday, Messrs. Horace Emerson and Hugh Hines are endeavoring to make arrangements to receive the returns by wire in the Crystal Palace, giving out every detail of the plays by megaphone. The service will cost at the lowest estimate $35 per day, and in order to insure themselves to a certain extent against loss they have placed the tickets of admission at Baxter's and Struthers' cigar stores, and ask that everyone who wishes to attend the baseball matinee call at either place this morning and buy their tickets which will be 25 cents each. The success of the venture depends upon the number who signify their intention of helping the move along by purchasing their tickets by 1 o'clock today, as final arrangements must be made with the Western Union this afternoon, and if sufficient number have purchased tickets to encourage them that the venture will be a success, arrangements will be concluded. Every play will be given and also all the preliminaries before the game, and with an active imagination those present can get almost the same satisfaction as if they were themselves at the Polo Grounds watching the every movement of the Athletics and the Giants, and then you don't have to pay $4.00 for a seat either. Eveyone is urged to either call or phone their orders this morning early as failure to do so will result in the failure of the matinee.

If the movement goes through the Western Union Telegraph Company promises to furnish something that has never been witnessed in Wilmington, a really continuous report of the game, with description of every play made, including the practice before the game, the coaching of the respective managers, every movement of every player, every disputed decision and every decision of the umpires, and will be worth many times the price of admission to any fan who is at all interested in the great battle for world's supremacy in the great American game.

YACHT CLUB EVENT SOON

Carolina Will Present Prizes to Winners of Season's Races

The presentation of prizes to the winners of the season's races by the Carolina Yacht Club, Wrightsville Beach, on Friday evening, October 26th, will be made an interesting and pleasing occasion, a number of features having been arranged for the evening. The winners this year are Capt. J. Stevenson Brown, who takes the Jones-Walters trophy, and Capt. Edwin A. Metts, who won the prize offered by the club. The awarding of prizes is the final event and gala occasion of the season and promises to be of unusual interest this year. A handsome trophy is given this year by Mr. Henry Walters, of Baltimore, and Mr. Pembroke Jones, of New York, both well known financiers, who have been members of the club for years, and there were a number of exciting races last Summer in the cup winning events. An informal dance will also be given and refreshments served in conection with the presentation of the prizes.

ALL-STARS AT RICHMOND

Athletics of American League Defeated — The Score 13 to 8

Richmond, Va., Oct. 11.—The All-Stars had little trouble in defeating the Athletics of the American League here today by a score of 13 to 8. year at the local park, lifting the ball Krause hit the longest drive of the year at the local park, lifting the ball high over left field fence for a home run. Neither team showed remarkable defensive powers, the men being unwilling to take chances. More than nine thousand people witnessed the game. Mack used Morgan, Krause and Coombs in the box who yielded 15 hits, while his men got the same number from R. Collins and Mullin, who pitched for the All-Stars.

Bad Blood.

Mr. C. J. Christian, of Americus, Ga., had serious blood trouble. Of his experience he writes: "My blood got wrong. Every little scratch made a bad sore. I had little risings or boils on my neck, and used several dollars worth of salves of different kinds without relief, receiving no benefit. Mr. Blanchard of the twice-a-week Press of this city, recommended K. E. B. P. I used two bottles and am well—sores and boils all gone, only a few scars being left on my neck and hands to show how much I suffered. I cheerfully recommend K. E. B. "BOB" GANTT RETURNS.

Trinity Pitcher With Baltimore During Summer—Championship Games

(Special Star Correspondence.)

Trinity College, Durham, N. C., Oct. 11.—"Bob" Gantt, Trinity's former famous baseball pitcher has returned to college from Baltimore, where he has been playing with the Baltimore Americans during the past Summer. He has finished the season and has returned to college to complete his law course, and will take his examination before the Supreme Court in February. He may decide to locate in Durham, and practice here for a while, though he is very much in the notion of returning to Baltimore for the season next Summer, and perhaps another after that.

Manager Dunn, of the Baltimore team, is of the opinion that Gantt has in him the making of a world pitcher, and is very anxious to add him to the "Orioles" as a permanent member of the twirling staff. "Bob", as he is known among Trinity men, can go back if he only wants to do so.

Speaking of the world series between the Philadelphia Athletics and the New York Giants, Gantt said that the sentiment where he has been is that the Giants will take the series; that the Giants do not believe the Athletics can hit Matthewson and Marquard, and that the Philadelphia pitchers will be bumped. He says that there is not much money to be had on the opening game, it being conceded that Matthewson will pitch and win it.

TIME UP FOR $50,000 PRIZE.

Hearst Offer for Coast to Coast Flight No Longer Incentive.

New York, Oct. 11.—Calbraith Rodgers, the aviator who broke the international cross-country record for aeroplane flight, yesterday, at the same time lost his last chance to win the $50,000 prize offered a year ago by William R. Hearst to the first aviator crossing the continent between New York and San Francisco in thirty days.

The conditions under which the prize was offered provided that it must be completed within a year after the offer.

Kansas City, Mo., Oct. 11.—C. P. Rodgers, the coast-to-coast flyer, arrived at Kansas City today. He has covered 1,482 miles, according to railroad mileage, and is within a few hours flight of the half-way mark of his journey.

Rodgers soared over the city this afternoon, after landing here this morning. His flight was but nine miles, however. He plans to stay here tomorrow to overhaul his engine and to start west Friday. Rodgers began his flight today at Marshall, 84 miles from Kansas City, at 8:24 o'clock.

TRAGEDY IN IREDELL.

Young Man Struck by Another Succumbs to His Injuries.

Statesville, N. C., Oct. 11.—A tragedy occurred in the northern section of the county last evening when June Summers, a young white man, aged about 18 years, was struck on the head with a stick by Walter Russell, also white, and fatally injured. The trouble occurred about sun-down yesterday afternoon and Summers died this morning about 8 o'clock. Sheriff Deaton immediately offered a reward of $50 for Russell's arrest, and officers and citizens have been searching for him ever since the tragedy. He is about 23 years old, five feet and ten inches in height, has light hair, and blue eyes and was wearing blue overalls, a white sweater, tan shoes and a black hat. He left the community on foot and it is believed he will be captured. The tragedy occurred near a saw mill operated by Jas. Shurch. The cause of the trouble is not known, as only a few words passed between the men, it is said, when Russell suddenly seized a piece of an old wagon tongue and struck Summers a blow on the head which crushed his skull. As soon as Summers fell Russell ran, and although several men who were nearby gave chase, he managed to elude them. Russell is from Virginia. Summers is a son of Mr. Gus Summers, a citizen of Olin township.

CAROLINA ASSOCIATION

Fate of League for Next Year Will Soon Be Known

Charlotte, N. C., Oct. 11.—During the next week the fate of the old Carolina League will most probably be determined, when the directors of the league will convene in Charlotte to carefully canvass the situation and ascertain what the general opinion is among baseball magnates and fans.

The directors have at a recent meeting in Charlotte, raised the salary limit from $1,200 to $1,400 and also the guarantee or forfeiture was greatly increased. This action may become a factor of considerable importance in determining the future of the Carolina Association many hold the opinion now that a league composed strictly of North Carolina cities will be organized for the coming season, and it is said that the South Carolina members of the Association have so far raised little or no objection to the plan mentioned. The session of the directors in this city shortly will therefore be an important one and its outcome will be generally awaited with interest.

PESSIMIST HILL.

Predicts Many Idle Men This Winter. Business Conditions.

St. Paul, Minn., Oct. 11.—"There will be more idle men this Winter than ever before," predicted James J. Hill, discussing the condition of business over the country and particularly in the West.

"This is the reason," continued the chairman of the Great Northern Railroad:

"Our capacity for production along industrial lines has grown faster than our consumption along the same lines.

"Some years ago the farmer had to raise enough to feed him and another man in the cities; now he must raise enough for himself and for two other men."

"Business is sound," he said, "but no new enterprises are being started. The politicians and newspapers are to blame. There is too much political ghost dancing. The people are not given the facts. There is uncertainty as to the future on this account rather than on account of the Supreme Court decisions."

Adds to Travelers' Comfort

THE TRAVELING man was leaving hurriedly on an unexpected trip. There had been no time to make the usual arrangements for accommodations, or to plan his appointments.

With a few minutes to spare at the depot he used the Long Distance Bell Telephone public pay station and arranged his plans so that he was able to save half a day.

In contingences and in ordinary affairs the satisfaction of a Long Distance Bell Telephone message outweighs the cost tenfold.

Eleventh Annual Session of Association at Richlands, N. C.—Strong Report on Temperance—Other Proceedings.

(Special Star Correspondence.)

Richlands, N. C., Oct. 11.—The 11th session of the Wilmington Baptist Association met with the Richlands Church yesterday, and was called to order at 11 o'clock by Rev. F. A. Liles, the pastor, and after singing by the audience and prayer by Rev. J. J. Beach, of Carey, N. C., Rev. R. E. Peele preached the introductory sermon, announcing as his subject "The Creed of Christ." The sermon was unique and powerful and emphasized the thought that the religion of Jesus Christ produces a character like that of Christ and where this character is not found, true Christianity is wanting. After the sermon the Moderator, G. E. Leftwich, took the chair and the roll of churches was called and messengers enrolled. The reorganization of the body was entered into and G. E. Leftwich, of Wilmington, was elected moderator and W. B. Rivenbark, assistant moderator. S. F. Garrison, of Wilmington, was elected clerk, and O. B. Cox, of Richlands, treasurer.

The afternoon session was opened with a devotional service led by Rev. A. C. Chaffin, of Sea Gate.

The first report of the afternoon was on the Biblical Recorder, which is the organ of the State Convention of Baptists. The report was read by Rev. R. E. Peele, of Burgaw, and was spoken upon by Rev. J. J. Beach, of Carey, who was present as the Recorder's special representative. Some remarks were made upon this subject by Dr. J. H. Foster, Rev. R. E. Peele and Rev. C. F. Whitlock. Rev. R. E. Peele next read the report on temperance, which was as follows:

Report on Temperance.

Talk is cheap. Aaron could talk, but Moses did the work. The temperance question is talked to death. Something has got to be done. Talk will not settle it; it rather keeps it unsettled. Resolutions will not settle it. What we resolve to do must be done. While we are fuming and fussing and discussing and sometimes cussing over the subject; the devil is rolling off the liquor jugs at every station and the express company is running an open saloon at every railroad office in the country. The Southern Express car barrooms and cigarette tobacco trusts are playing hell from sea to sea and from Canada to Mexico, not to speak of the uttermost parts of the earth. What the country needs is a man, and one or two others to help him. Prohibition will prohibit when you put a man at the head of it and behind it, one to pull and the other to push. The curse of Meraz is upon us, cowardice or false humility or downright laziness in damning us. We are whining and grumbling and growling when we ought to get down to business, and put the liquor seller out of business.

Addresses Made.

Rev. Peele made a strong speech upon this subject and Dr. Foster and others spoke upon it after which the report, together with some strong resolutions, was unanimously adopted by the body.

Old Ministers' Relief was next taken up and the opening speech was made by D. L. Gore, who was followed with remarks by several others.

In the routine business D. L. Gore was elected a delegate to the Southern Baptist Convention, which meets at Oklahoma City next May, and C. F. Whitlock, W. G. Hall and A. C. Chaffin were elected as messengers to the State Convention, which meets at Winston-Salem in December.

At night the subject of State Missions was presented. The report being read by Rev. W. G. Hall and discussed by E. L. Middleton, of Raleigh, Mr. Hall and others.

BIG RALLY IN COLUMBUS.

Farmers' and Educational Gathering in November—Baptists.

(Special Star Correspondence.)

Whiteville, N. C., Oct. 11.—The Columbus County Farmers & Educational Rally will take place at Chadbourn on Wednesday, November 8th, and it will be a grand day for the county and its farmers. A splendid programme has been arranged. Dr. H. Q. Alexander, State president of the Farmers' Union, will deliver an address. Dr. Hill, president of the A. & M. College, will also be present and speak. Dr. Schaub, head of the Boys' Corn Clubs of the State, will lecture. Mr. George H. Thompson, who had charge of last year's farm exhibit, which was so successful, will have charge of the exhibit again. Sixteen local Farmers' Unions have expressed their purpose of having community exhibits. Others are expected to join in. Prizes will be offered. Rev. R. T. Wooten, superintendent of education, will have charge of the educational feature of the day and expects to have 2,500 or 3,000 school children present. Mr. O. M. Powers is chairman of the entertainment committee. Special trains will be run by the Atlantic Coast Line.

Mrs. J. C. Sykes, who has been in Wilmington for some time, under treatment of Dr. Bulluck, spent several days with her parents last week, returning Monday to enter a hospital.

The Cape Fear Columbus Baptist Association, composed of the Baptist churches of Columbus county, will hold its 13th annual session on Thursday, Friday and Saturday, October 19th, 20th and 21st. This promises to be one of the best sessions of the association ever held. There are about 35 churches in this association, with a membership of about 4,500. Their gifts to missions, benevolences and general church expenses will probably total a larger sum this year than in any previous year.

Is the World Growing Better?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. You'll see. 50c at R. R. Bellamy's.

PRICE COTTON PICKER

Demonstration to Be Given at Charlotte, Oct. 17th to 31st

(Special Star Correspondence.)

Charlotte, N. C., Oct. 11.—For the first time in the South Atlantic States, a perfected Price-Campbell cotton picker will be operated near Charlotte from October 17th to 31st. Mr. William Philo Wood, secretary of the Price-Campbell Cotton Picker Corporation, has brought a machine to the city, and has already secured a large cotton field in which to show how thoroughly the machine accomplishes its work. The work of the machines in Texas resulted in the sale of all the machines the company manufactured this year and the work of the machine here will be simply to show the people of the South Atlantic States and those of the North who are interested, the machine in operation, Charlotte being selected on account of its location, accessibility, excellent hotel facilities and other advantages.

Three machines were shipped to Charlotte, but there was such a demand for them by Texas planters that it was found necessary to ship two of them to that State. The other machine, however, has been assembled and is ready for work. According to the Texas papers which watched the machine put through severe tests, the picker does the work of 35 to 50 hand pickers, picking the cotton as well if not better than the hands, and without injuring the plant, bolls, squares or blooms. The machine is operated by one man, a boy accompanying each machine to aid in the removal of the filled bags and as a general assistant to the driver.

The picking mechanism of the machine is entirely automatic in its action and consists of two batteries of steel picking spindles or fingers which enter the plant from both sides, revolving while in the plant and twining the cotton from the bolls. The fingers then pass through a stripper bar. After the cotton is stripped from the fingers it is conveyed through a cleaning mechanism and all trash is removed, so that the cotton when deposited in the bags at the rear of the machine is cleaner in most instances than hand-picked cotton. There are 816 picking fingers in the machine and as it picks but one row at the time it is rarely that the machine leaves cotton unpicked, the percentage picked being estimated at about 95 per cent.

The capacity of the machine in pounds varies accordingly to the condition of the crop. In a field of average cotton it will pick 6,000 to 8,000 pounds in a day of 10 hours. The machine is so constructed that by a change of parts, it may be converted into a cotton chopper, cultivator, harrow, gang plow, and made to serve other useful purposes on the farm, although these features have not been worked out to the same degree of perfection as the picking device.

Those who have seen the machine in operation on a commercial scale in Texas do not hesitate to declare that, as an economic factor, the picker ranks with the cotton gin, the loom, the harvesting machine and the typesetting machine, and that its coming marks an epoch in the cotton industry or the South.

NEGRO CONVICTED

Charged With Shooting Girl From Ambush Near Mount Olive

(Special Star Telegram.)

Goldsboro, N. C., Oct. 11.—Most of the day of Superior Court, now in session in this city, was consumed in taking evidence in the capital case of State vs. Cleveland Garner, colored, charged with the murder of Sarah Loftin, a colored girl, by shooting her dead in a cotton field near Mount Olive, from ambush some weeks ago.

The defendant appeared in court without counsel, whereupon Judge Peebles appointed Messrs. Langston and Allen and ex-Judge W. S. O. B. Robinson to defend him. All the evidence was circumstantial at the conclusion of which both the State and counsel were through speaking by 4 o'clock when the jury retired to decide the defendant's fate. After being out two hours the jury announced a verdict of murder in the first degree. The prisoner received the verdict very calmly and showed no emotion whatever when the words were spoken which doubtless sealed his doom in the electric chair. Judge Peebles reserved sentence until tomorrow morning. The verdict came as a surprise to the large crowd assembled in the court house as no one was expecting a verdict of anything other than murder in the second degree or acquittal.

FARMER KILLED BY TRAIN

Body of Mr. Wicker Found on Track Near Jonesboro

Jonesboro, Oct. 8.—The body of Oscar Wicker, a well-known farmer of this locality, was found dead alongside the tracks of the Atlantic Coast Line, this morning about 7 o'clock by Section Master Neal. Coroner Hoyle empanelled a jury, which, after viewing the body, rendered the verdict that the deceased had come to his death "by being hit by a train during the night." His back and both hips were broken.

Mr. Walker was 45 years of age, married and leaves a wife and three children, all young. It developed at the hearing that he had been attending a circus in town and that he had been drinking. He will be buried tomorrow from the Baptist church here.

ITCHING IRRITATION

Worst Form of Skin Trouble Quickly Cured by Inexpensive Treatment.

When you suffer with any skin trouble even though the itching seems unbearable, do not think that it is necessary to use some disgusting greasy ointment. Try Hokara, a pure and simple skin food that is guaranteed to contain no grease or acids, and which is so cleanly it does not soil the linen.

Its power to instantly relieve any irritation of the skin and make it soft, white and beautiful is almost miraculous

Not only are minor skin troubles like pimples, blackheads, acne, barber's itch, etc., quickly cured, but the worst ulcers or cases of salt rheum or eczema are cleansed and healed by this wonderful skin food.

In order that any one may try Hokara at small expense J. Hicks Bunting Co. are selling a liberal sized jar at 25c and in addition guarantee to refund the money if the treatment does not do all that is claimed for it. Larger size, 50 cents.

EXPOSITION FOR WILMINGTON

Charter Granted Yesterday by Secretary of State—Shallotte Bank—Educational and Library Notes—Special Edition

(Special Star Correspondence.)

Raleigh, N. C., Oct. 11.—The Carolinas Cotton and Southern Industrial Agricultural Exposition Co., Wilmington, received a charter today with $25,000 capital and with Dr. Russell Bellamy, J. J. Crow, W. R. Kingsbury and R. H. Cowan as the incorporators, the purpose being to establish in Wilmington a great cotton exposition that will extend to the assembling of exhibits that will represent Southern industrial and agricultural progress.

Another charter is for the Boyd Feed Co., Hickory, capital $25,000 by C. M. Boyd and others.

There is an amendment for the charter of the Merchants' and Farmers' Bank, Shallotte, Brunswick county, so that the name is changed to the Citizens' Bank of Shallotte. The change is made because the original name is too similar to the Merchants' and Farmers' Bank of Charlotte, which has been in business in Charlotte many years. The Shallotte bank was only recently chartered and has not yet opened for business. E. H. Cranmer, J. W. Brooks, T. E. Cooper, J. W. Yates are among the principal incorporators.

The number of local tax districts for the improvement of rural district schools in North Carolina is now well passed, the 1,200 mark and new ones are being reported every few days. The latest comes from Gates county where Superintendent Costen reports an election carried unanimously, making eleven for Gates county.

There are now in this State about 2,000 rural school libraries and 800 supplementary libraries and the statement is made at the State Department of Education that there is steady and very gratifying growth both in the number of initial libraries and in supplemental libraries, the Department being especially interested in the increase of the supplementary libraries because the interest in these show the lasting and increasing interest in the library work in the communities. There has just been issued a special bulletin on the best use of the libraries under the direction of the teachers. In the monthly meetings of the County Teachers' Associations the topic of "How to Use the Rural Library" is receiving special attention at the urgent insistence of State Superintendent Joyner and Supervisor of Teacher Training J. A. Bivins.

The current issue of the Southern Trucker and Farmer contains an elaborate and very valuable article by Commissioner of Agriculture Graham, on North Carolina and her agricultural progress and possibilities. Along with the article is an excellent cut of Major Graham.

If at first you don't succeed, young man, remember there are other girls who are not so particular.

And it demonstrates the fact that the public are quick to appreciate a departure from "OLD-TIME" high prices on certain classes of goods.

It has always been customary to charge Big Profits on all millinery goods, for the reason that it is chiefly sold during certain periods during the year. But our trade is so large and our stock so great that we have put all millinery articles on an equal footing as to price with all other goods in our big store, and the result is that we have doubled the sales of any previous season.

Thanking our friends and patrons for their liberal patronage, we shall endeavor to still continue to merit same by giving the best values for the least money.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Thursday, October 12, 1911.

A man may keep quiet and look wise, but he maye be otherwise.

Some men wouldn't mind the introduction of the "individual cup" that cheers.

President Taft is spelling on one side and Senator LaFollette is squealing on the other.

The Young Turks seem to lack experience. They are getting some now. They also ought to lay in a stock of diplomacy.

"What's the matter with Kansas?" Why Kansas is haunted with the spirit of Populism. Of course, Populism is dead, but its ghost keeps right on coming back.

Senator Stephenson may not be guilty, but he is old enough to have known better than squander $107,793 under the pretended belief that nobody in Wisconsin would be influenced by picnics where whiskey and money talked.

Says a contemporary: "When a man enters politics he should make up his mind to take what is coming to him." If he is a millionaire he will find out that a lot of his constituents are more than willing to take what is coming to them out of his campaign fund.

The All-South Conference at Memphis, extended an invitation to the Nation to travel through the South in going to the Panama Canal Exposition to be held at San Francisco. That is about the biggest invitation that has ever been sent out, but it was prepared by the Hon. G. Grosvenor Dawe, who wants the people of the Nation to see something on their way to 'Frisco. Parties who accept the invitation should get stop-over tickets via Wilmington and see the Nation's Garden Spot. The Nation certainly ought to take in its garden spot.

The Raleigh Times observes: "The President expressed surprise in his Denver speech that the American people 'do not believe in the sincerity of Republican promises.' There need be no occasion for surprise, since the Republican party does not keep its promises." The President and the Times are both mistaken, from different angles. As a matter of fact, the people do believe in the sincerity of the Republican party's promises to special interests, and they are satisfied it does keep its promises of profits to its protection beneficiaries who are awfully juicy in the days of fat frying. What the G. O. P. blunderbus wants is plenty of time to carry out its promises to the people, something like 1,000 years—999 years to make promises and one year to "carry them out" to the junk heap. The President and his party make knowing people laugh up their sleeves.

To the Senate Committee investigating the expenditure of $107,793 by Senator Stephenson, of Wisconsin, to secure his election to the United States Senate, Rodney Sackett, one of the Senator's managers, declared that $150,000 to $200,000 could be spent "legitimately" in a Senatorial campaign. Congress seems to have taken a different view of it, since at its last session it passed a law limiting the campaign expenses of a Senatorial candidate to $10,000. Sackett's perverted and contorted idea of what is legitimate need not be considered as authority. Any expenditure to affect a voter, even if it is only ten cents for a short, is debauching and immoral. A candidate who spends more than the amount necessary to pay his actual expenses is guilty of wrong-doing. Money spent to influence an individual voter subverts manhood. That should be a crime.

PLAYGROUNDS AND BOULEVARD.

Major W. F. Robertson, a former highly esteemed resident of Wilmington, now sojourning in Charlotte till we can get him interested in the Back-to-Wilmington movement, arrived in the city yesterday. Ooutside the interesting purpose of his visit, hundreds of Wilmingtonians gave him a most cordial greeting because of his great popularity with the people of this city.

Coincidental with The Star's editorial urging perfect drainage of the city and especially emphasizing the importance of elliminating the branch known as "Macomber's Ditch," Major Robertson has come to Wilmington in view of the proposition to sub-drain that water course and to make a magnificent boulevard and playground of several blocks of Fourteenth street through which that malororous waterwaylet meanders to its junction with Smith's Creek.

This boulevard and playground scheme heretofore has been exploited in The Star, and only a few days ago it was under consideration at a meeting of the City Council. A number of prominent citizens representing the Wilmington Playground Association, appeared before the Council and urged the attractive proposition embraced in the plans for getting rid of a nuisance and substituting it with a splendid thoroughfare and playground such as was mentioned in detail in the proceedings of the City Council several days ago.

Major Robertson is one of the best known engineers in the South Atlantic States and he has been brought to Wilmington to look over the proposition to cover up the course of Macomber's Ditch and construct a beauty spot for Wilmington. It has been estimated that it will cost $20,000 to drain and cover the branch and construct a broad and handsome boulevard in accordance with the elaborate plans in contemplation. Major Robertson will make a survey in a few days and from a casual view of the matter, he is satisfied the expense can be cut down to a minimum that will accomplish the purpose.

The plans for the boulevard have been drawn, and already two squares have been deeded for playgrounds, one for white and one for colored children. The square for whites is locate between Fourteenth, Fifteenth, Orange and Ann streets, and one for colored children, between Thirteenth, Fourteenth, Princess and Chesnut streets. The deeds for these properties have already passed, and those behind the plans are thoroughly in earnest.

This is a matter in which all the city is interested and The Star hopes some way will be found to carry out the noteworthy improvement at a reasonable cost.

GINGER IN NORTH CAROLINA.

The Henderson Gold Leaf mentions that some real ginger is being grown in the town of Henderson, Vance county, and our esteemed contemporary goes on to tell how it came about that it was ascertained that the root will grow in that section of our State. The Gold Leaf says:

"Mrs. T. H. Hill, of this place, has eight stalks of it growing in a flower pot in her yard. A few months ago, while she was at Norfolk she found among a lot of ginger on the market five or six roots in the green stage. She brought them home and planted them about the 6th of August. They soon sprouted and began to grow. Some of the stalks are now over two feet high and look like young canes with narrow reedy leaves about three inches long. The odor of the plant is nearly as strong as that of the dry pulverized ginger root. This foreign plant seems to have the merit of extreme hardiness and easy culture, and to be adapted to this soil and climate. Mrs. Hill thinks that her little crop of ginger is going to yield several times the number of roots planted."

It is hard to tell what won't grow in North Carolina, and especially in the sub-tropical portion of it in eastern North Carolina. No doubt ginger, orris root and other merchantable crops we never think of can be profitably grown in this portion of the State. The tea plant flourishes in the soil around Wilmington, for plants in front yards in this city have grown to enormous size without any care whatever. We understand that in Bladen county tea plants set out forty years or more ago, have sprung up in various places and that the tea plants seem to thrive in spite of the fact that no attention is paid to them.

The fact is, a whole lot of products which might grow here have never been experimented with, while there are numerous valuable products that we know will flourish in this region are totally neglected. Our Agricultural Department ought to have a real test and experimental farm in eastern North Carolina, for it could be conducted without any expense whatsoever. Such a farm can be made to pay for its own operation. On the experimental farm in Pender county this year, the State made a big profit growing lettuce.

By the way, several vegetable products of China grow to profusion in the trucking section around Wilmington. A number of thrifty Chinamen are getting rich growing Chinese vegetables for the Chinese consumers in New York, Philadelphia and other large American cities. Several of Wilmington's Chinese farmers have good bank accounts. Their farms are models and the Celestials are splendid examples of industriousness.

ATTRACTING INDUSTRIES

The Raleigh Times is urging an industrial campaign for the Capital City, since Raleigh will have at its disposition electric power that may be soon be utilized for industrial purposes. Says the Times:

"With the advent of so much electric power, Raleigh should not neglect the opportunity that presents itself for the starting up of small manufacturing industries. A city cannot have too many of these industries or too varied an assortment. The materials are here and the power is here and it will add vastly to the prosperity of the city to get power and materials together and turn raw material into the finished product. We need the people that such industries bring, or develop. We need their weekly payrolls. We need the income from the sale of the finished product. The money thus put in circulation would keep things humming and would add to the prosperity of every business and of every citizen. We must have these things for permanent prosperity. The city is alive now and building is going on on every side, but when these new buildings are all completed, what then? We cannot keep on putting up new business blocks forever unless we keep putting up buildings for industrial enterprises as well. After a city reaches a certain stage in its growth it has to depend on the addition of new industries for further growth, and these cause expansion in all directions."

The argument by our esteemed Raleigh contemporary will apply to Wilmington. Our citizens should never stop thinking about the importance of industries, and we should at once renew our get-factories campaign.

Today is Columbus Day. Columbus and Dr. Cook are well known discoverers, but Columbus carried his proof back and forced the world to believe in his discovery.

Some writer by the name of A. Tennyson Dickens has peeved Boston women by saying they have "beefy ankles." Hereafter they should know better than to gad about on the streets on a rainy day, with a "chiel amang them taking notes."

People who get carried away with Taft will find themselves in the Republican camp where the G. O. P's. special interests are being entertained with platform guarantees of profits out of the pockets of the people. It is a case of political kidnapping.

CURRENT COMMENT.

Now, if Mr. Craig had announced that he would not be a candidate that would have been news.—Durham Herald.

Part of the criticism that is directed toward the governor for his use of the pardoning power should be directed at the judges, solicitors and jurors who ask for these pardons.—Durham Herald.

Major Charles M. Stedman, of Greensboro, has been appointed by Governor Kitchin a delegate from North Carolina to the fourth annual convention of the Atlantic Deeper Waterways Association to be held in Richmond week after next—on October 17th to 20th. Major Stedman is the member of Congress from the Fifth North Carolina District and is bound to make his mark in the House at Washington, as he has made his mark, and a very high mark, wherever he has been tried. The other day in Greensboro he marched with the Boosters and marched like one of the boys. It is hoped that the people of this town will have the pleasure of hearing him while he is here; for there is no better speaker in North Carolina, which is to say in the South, the North Carolina men being all born orators, and, without prejudice, it may be said to their credit that they speak in words of soberness from the cradle to the grave. —Richmond Times-Dispatch.

It is one of the inalienable rights of the citizen to sue a newspaper when he feels aggrieved, but what those persons in Hendersonville expect to accomplish in bringing an action against the Charlotte Observer for the publication of matter in connection with the recent murder in that place, is not clear. In one of the cases at least, the Observer, seeing it had been led into error as to names, made proper apologies at once. Under the present libel law this bars recovery in any large amount. Another retraction, full and complete, is made again today in the Observer in the case of the trained nurse, whose name was used through a mistake in getting the message over the 'phone. There are always lawyers in most communities that are eager to get in the limelight, especially when they see a prospect of getting a fee or a share of the money recovered. Under the old libel law the paper would be bled, but at present we do not see where anything can be accomplished, except a full and complete vindication, which that paper has already made.—Greensboro Record.

DR. NESBITT MAKES REPLY

Answers Protest Made Against Early Scavenger Work

(Communicated).

With reference to the complaint made by a citizen through The Morning Star of this date's issue, I would say from investigation by the health department, we find that one of our wagons employed in the sanitary work passed Ninth and Princess streets at 10:35 last night. There happened to be present at the time two mounted officers and Seargent of Police Burnett. A street car of the belt line passing from Princess to Ninth street came by at the same time. The wagon at that time contained twelve sanitary closet cans, each of which was fitted with an especially constructed lid which practically seals the contents within the can so tightly that the can may be overturned without spilling. These stopper lids are placed in each can before the can is removed from the closet. It can be seen that every possible precaution has been taken to keep this work from being offensive to the citizens. In other cities using the sanitary can closet, Asheville, N. C., Oxford, N. C., Jacksonville, Fla., being the notable examples, all of the sanitary work is done in the day time These cities do not use the same precautions that are used in Wilmington to prevent offense, yet the citizens of these cities realizing the life saving advantage of the sanitary closet have as yet made no effective protest against the daylight removal of their contents. It has been the habit in Wilmington for a number of years to permit the cleaning of the dishonored surface closet by scavengers who shovel the material from beneath the closet into an open hand harrow, the contents of which is dumped into an open cart, no precautions being used whatever to control possible offense. The reports recently received by the Health Department from the scavenger indicate that from a hundred to a hundred and fifty surface closets have been served by his men each night. It is obvious that the city streets have been traversed nightly for a number of years by open carts filled with human excrement without offense to the citizens. It is unexplainable that when a genuine effort to improve the health conditions of the city and reduce its disgraceful death rate is made, and the necessary installation of sanitary closets and their scavengering along modern and approved lines is attempted, that this procedure which is gladly received and approved in other cities, should be met with a storm of angry protest in the city of Wilmington.

The Health Department has repeatedly stated to the citizens of Wilmington through the public press the vital importance of the sanitary closet. The scavenging of these closets already installed is being done under careful supervision and by a method which insures the least possible offense, and which goes a step beyond the method used in other cities to preclude the possibility of offense. This department has recently shown the citizens of Wilmington a grave economic reason for radical reform in scavenger service, and earnestly asks the public-spirited people to support the effort we are making to save human lives and to place this city in the ranks of modernism. CHAS. T. NESBITT, Oct. 11, 1911. Supt. of Health.

SUIT FOR $6,000,000 BASELESS

So Declare Representatives of Seaboard Air Line

New York, Oct. 11.—The $6,000,000 damage suit brought by the Florida Railway against the Seaboard Air Line the Knickerbocker Trust Company and others, on the charge of conspiracy, was today declared by counsel for the Seaboard Air Line to be baseless. The directors of the Seaboard at their meeting authorized this statement, which was coupled with the decision that instructions had been given counsel to cause the case to be brought to trial at the earliest possible moment.

LOW PRICES FOR COTTON

Result of Combination of the Speculators

Oklahoma City, Okla., Oct. 11.—"Prevailing conditions in the cotton market are the outgrowth of a combination of gamblers and speculators," said Governor Gruce today, replying to a message from Governor Colquitt, of Texas, suggesting a conference of the Governors and secretaries of Boards of Agriculture of cotton growing States to devise means of maintaining prices.

FINE HORSE KILLED

Broke His Neck in Peculiar Accident at Maxton, N. C., Tuesday.

(Special Star Correspondence.)

Maxton, N. C., Oct. 11.—Yesterday afternoon a very fine horse belonging to Mr. Murdock McLean broke his neck and was instantly killed. The animal was hitched and standing in front of the McKinnon, Currie & Co., stables when another horse came out of the stables and rolled on the ground, and in getting up, rose just in front of the McLean horse, causing the animal to rise on his hind legs. The second time he rose up and came down, he fell on his neck, breaking it and causing his instant death. The animal was worth about $300.

COULD HARDLY BEAR SUFFERING

Mrs. Duncan, of Pryor, Tells Story of Her Intense Suffering, and Describes Harrowing Symptoms

Pryor, Okla.—"I suffered so much I could hardly bear it," says Mrs. Mollie Duncan, of this place.

"For 17 years, I had been afflicted with womanly troubles, and had different doctors give me treatment, but none of them helped me any.

I had such drawing-down pains, and a pain in my side. Also headache and dizzy spells. I was very weak, and could not be up at times.

I decided to try Cardui, and I will say I am not sorry that I did, for it helped me wonderfully. I feel like a new person. I intend to keep Cardui in the house, just as long as I live, for it has done me so much good!"

Remember that Cardui is a mild, safe, remedy, composed of valuable medicinal ingredients, which help to build up vitality, tone up the nerves, and strengthen the womanly constitution.

For more than 50 years, Cardui has been relieving woman's sufferings, and building weak women up to health and strength. No other medicine has exactly the same results as Cardui. No other medicine has the long record of success in treating cases of womanly weakness and disease.

It will help you.

Suppose you try it.

THE M. H. BRIMMER COMPANY

New Embalming and Undertaking Establishment for Wilmington—Several Stockholders—Charter Applied For.

Signalizing the rapid growth of the city in population rather than indicating an undue decrease in the number of her citizens through the hand of death, is the announcement of the formation of a new embalming and undertaking establishment, to be known as the M. H. Brimmer Company, which will open for business at No. 26 North Second street about the 1st of November, under the management of Mr. Marvin H. Brimmer, who is well known in this city and is an embalmer of large experience.

Articles of incorporation of the company were sent to Raleigh last night and it is expected that the Secretary of State will grant a charter for the new concern this morning. The incorporators are: Councilman B. C. Moore, Messrs. Marvin H. Brimmer, A. M. Alderman and L. O. Smith. There are several other stockholders, there being all told 12 well known citizens interested in the company. The charter will authorize a capital stock of $10,000, but the company may begin business on $3,000. As soon as the certificate of incorporation has been received a meeting of the stockholders will be held for the purpose of electing officers and arranging the details incident to opening for business. The company will occupy one of the store rooms in the City Laundry building on North Second street.

Mr. Brimmer is now on the market, purchasing a full and complete stock of coffins and caskets and accessories and everything needed in connection with a first-class embalming and undertaking establishment. He will return to Wilmington in a few days. He will have active management of the business and is well qualified for the position. He is a licensed embalmer and for three or four years was connected with the funeral parlors of Mr. Walter E. Yopp, on Princess street, leaving here only a few months ago to take a traveling position for a large wholesale undertakers' supply house. Many friends will be glad to know that he has returned to Wilmington to make this his permanent home.

WILL VISIT Y. M. C. A.

Mr. Arthur Rugh Speaks Tomorrow Night and Again Sunday.

Mr. Arthur Rugh, of the China National Young Men's Christian Association staff, will pay a visit to the local association this week and his coming is being looked forward to with a great deal of interest by members of the Y. M. C. A. and other Christian people of the community who are definitely interested in the work of the Church in China. Mr. Rugh comes at the invitation of General Secretary Huntington, of the local association. He will be present at the meeting tomorrow night and immediately after lunch he will make an address in which he will tell of the marvelous growth of missions in China. Sunday Mr. Rugh will speak both morning and night in the churches and at the mass meeting for men in the parlors of the association at 5 o'clock in the afternoon. Mr. Rugh is a forceful speaker and a man who has been singularly successful in his field of labor.

THIS UNIVERSITY DAY

Will Be Observed by the Wilmington Sons of Carolina

This is University Day, commemorating the 116th anniversay of the laying of the corner-stone of the first building ever erected at the University of North Carolina, and the event will be fittingly observed and right royally celebrated by the Wilmington alumnus. The observance here will be featured by a business session at the Colonial Inn tonight, beginning at 8:30 o'clock, followed by a banquet at which informal talks will be made by the sons of Carolina.

Marsden Bellamy, Esq., is president of the local alumnus association, and Louis Goodman, Esq., is chairman of the committee on arrangements for the celebration today. There are about 100 University men in Wilmington and a goodly portion of the number are expected to attend the event tonight.

MR. GEO. W. HUGHES DEAD.

Well Known Citizen Passed Away Yesterday—Funeral.

Friends learned with regret yesterday morning of the death of Mr. Geo. W. Huges, a well known citizen, which occurred at his residence, No. 1001 North Eighth street, at 6:20 o'clock yesterday morning. Mr. Hughes conducted a store in the building adjoining his residence. He was 73 years old and is survived by his wife and eight children, these being Messrs. E. A., J. W. and B. F. Hughes, and Mrs. Thos. J. Ashley, Mrs. James Swinson, Miss Essie Hughes, of Wilmington; Mrs. John Maunder, of Portsmouth, and Mrs. M. P. Hollis, of Florence, S. C. They will have the tenderest sympathy of a great many friends in their sorrow.

The funeral will be held from the residence this afternoon at 3:30 o'clock.

Strong Petition Presented

It should have been mentioned in connection with the Council proceedings Tuesday afternoon that a petition, largely signed, was presented in behalf of an application of Mr. E. Eberhardt for license to sell meat at 11th and Market streets. While all the names were not read it was said that the petition represented a large portion of the people in that neighborhood. As both Mayor Smith and Councilman P. Q. Moore voted in favor of the license and there were only two votes against, Councilmen B. C. Moore and Perdew, the applicant has hopes of securing the license at a later meeting when Councilman Tiencken is present.

OCEANIC HOTEL COMPANY

Annual Meeting of the Stockholders Yesterday Morning—Officers Made Fine Report of Past Season

The annual meeting of the stockholders of the Oceanic Hotel Company, which owns and operates one of the large hotels at Wrightsville Beach, was held yesterday morning, 560 of the 8,205 shares being represented either in person or by proxy. Mr. W. E. Perdew was called to the chair and presided, while Mr. B. O. Stone, secretary and treasurer, was asked to act as secretary. The meeting was held in the directors' room of the Southern National Bank.

Mr. Thos. H. Wright, president of the company, made his report of the season's business, which was very gratifying to the stockholders. This is the first season for the hotel under its new management and a number of important improvements added to the popularity of the hostelry. President Wright took occasion to commend most heartily Mr. Chas. E. Hooper, the manager, and thanked the building committee for its fine work. He told in detail of the improvements which were made just before the beginning of the season, the expenditure totalling about $15,000, and he announced that additional improvements would be made before next Summer.

The following were elected directors for the ensuing year: Thos. H. Wright, J. H. Hinton, B. O. Stone, Chas. N. Evans, W. B. Cooper and Clayton Giles, Jr. The directors met and re-elected the old officers as follows: President, Thos. H. Wright; vice president, J. H. Hinton; secretary and treasurer, B. O. Stone.

Col. Walker Taylor commended the management for the great improvement made during the past year and not only in the building and furnishings but in the service. Colonel Taylor said that he heard high praise on all sides for the Oceanic during the Summer.

The opinion seemed to prevail among the stockholders that this season was merely introductory to the seasons which are in the future and that even greater success will attend the efforts next season.

It was announced that a man had been employed to have charge of the hotel property during the Winter months and that he would be on the grounds all the time. He will look after minor repairs to the building and at the same time act as a watchman. The stockholders were gratified over the patronage given the hotel during the month of September. The hotel kept open in September more as an experiment than anything else and the management is pleased with the results. The idea is to eventually make of Wrightsville Beach an all-the-year-round resort.

MAY BE NEGRO FORGER

Wilmington Police Notified of Arrest of Robinson in Norfolk

Officer Leon George has been sent to Norfolk, Va., by Chief of Police Fowler to bring back John H. Robinson, a negro, who has been arrested at that place and is believed to be wanted here on the charge of forging the name of Mr. Sam Blossom, of Castle Haynes, to a note for $300.

Chief Fowler received a message from the Norfolk police stating the arrest of the man and he promptly detailed Officer George to make the trip and bring the alleged forger back for trial. It is reported that Robinson was a former school teacher in this city and if the man under arrest is the right party, he is reputed to be a slick criminal. The Robinson wanted by Wilmington authorities got in trouble some time ago in Pender county, and managed to make his escape by giving a worthless check for his bond. He has since been a fugitive from justice.

The Southern National Bank, where the negro got the money on the forged notes, is not only protected by the American Bankers' Association, which has a splendid detective agency, but by the Pinkerton Detective Agency, to which it pays an annual fee. Three weeks ago Mr. Chas. N. Evans, president of the bank, placed the matter in the hands of the Pinkerton agency. A detective was sent here and he began at once on the case, his efforts resulting in the arrest of Robinson, who had been previously reported as having sailed for Europe, but was found to be operating under the name of Phillips, in Norfolk.

CHANGES AT UNION STATION.

Mr. Claude Murray City Ticket Agent by Exchange With Mr. Arrington.

Recently a number of changes have gone into effect in the personnel of the popular attaches of the union station in this city that will be of interest to their friends and the traveling public generally. Mr. Claude Murray, for a number of years in charge of the baggage depot, has been appointed city ticket agent to succeed Mr. B. W. Arrington, who has been transferred and placed in charge of the baggage depot. Mr. Murray is assisted in the ticket office by Mr. Page, who has been one of the union station force for some time, while Mr. Arrington has his clerical force with him in the baggage department. Mr. H. H. Clark, formerly at the city ticket office, is expected to arrive within a few days and will be with Mr. Murray at the ticket office. For the past several months he has been residing in Seattle, Wash., but will return to his native State to again take up his duties here.

Chamber of Commerce Today

An important meeting of the Chamber of Commerce to consider a number of matters of vital interest to the city will be held this afternoon at 4 o'clock and members are requested to attend. Committees will report on several matters which were deferred from the last monthly meeting and a large attendance of members is expected.

Death of An Infant

Friends of Mr. and Mrs. J. B. Vaught will tenderly sympathize with them in the death of their infant which occurred at the family residence, No. 201 1-2 Castle street, yesterday morning. The funeral will be from the residence at 10 o'clock this morning and the interment will be in Bellevue cemetery.

COL. W. F. ROBERTSON HERE

Conferring With Leaders for Playgrounds Establishment—Estimates to Be Prepared on Macomber's Ditch

Wilmington's former esteemed townsman, Col. Wm. F. Robertson, of the Robertson Construction Co., general contractors of Charlotte, N. C., arrived in the city yesterday at the request of those behind the movement for a playgrounds and boulevard in connection with the city's drainage and improvement of Macomber's Ditch in the eastern section of the city.

Col. Robertson not only has a professional but a personal interest in the enterprise and those who are working so faithfully toward this great public necessity were indeed fortunate in enlisting his services just at this time. While in Wilmington he was prominently identified as a citizen with the playgrounds movement and while absent "in the flesh" these past two years, he still has a warm place in his heart for Wilmington and it was a pleasure for him to return here and do what he could toward furthering the project for a "City Beautiful." He expects to be here until the last of the week and will go carefully over the proposition in hand and from an engineering point of view will advise with the leaders of the movement for the playgrounds and boulevard with a view of early culminating the effort which has been in force for some time. Col. Robertson went over the ground yesterday and is confident that the drainage can be economically and practically accomplished in connection with the movement by private citizens for improving the property and establishing the grounds and boulevard as previously outlined. He expects to be ready with a definite report in a week or ten days.

Col. Robertson was enthusiastically greeted by many friends and admirers in Wilmington upon his arrival yesterday.

In connection with the movement for the playgrounds it is expected that the Wilmington Playgrounds Association, which has suspended activities during the Summer months, will at once join in the effort of citizens and that in the near future a meeting will be held for this purpose. Mr. James Sprunt is chairman; Rev. A. D. McClure, D. D., is vice president, and Mr. Thos. H. Wright is secretary, and treasurer of the Association.

BROUGHT PURCHASERS HERE.

Trade Extension Asociation Made A Fine Showing for the Month

Purchases made from the members of the Wilmington Trade Extension Association through the trade movement plan for the month of October were approximately $12,000, which is considered an unusual and splendid showing.

Every feature of the association is being rapidly developed and people throughout the large territory are becoming better acquainted day by day with the free-fare offer and the accommodating methods of the organization. The report of the secretary, which will be submitted to the executive board at the first meeting, shows that the expense in maintaining the organization and refunding fares to out-of-town customers is less than was actually expected by the initial promoters.

Purchases made from members of the association and recorded on transportation checks for the month and a half the movement has been in progress amount to over $17,000. A gradual increase is being shown in the number of transportation checks issued and a concerted effort is being made for a wider scope of trade among the retail merchants.

MR. JAMES TURBEVILLE DEAD

Passed Away at His Home on Carolina Beach Road—Funeral

Mr. James Turbeville, who was well known in the city, died at 7:30 o'clock Tuesday evening at his home on the Carolina Beach road, four or five miles from the city, after an illness extending over a period of 12 months of spinal meningitis. Mr. Turbeville lived in Wilmington until about three years ago, when he moved to the country. He was employed by the Hilton Lumber Company. He was about 63 years old and is survived by his wife and two sons, Mr. J. B. Turbeville, of this city, and Mr. R. N. Turbeville, who lived with his parents. One sister, Mrs. A. Prosser, of Florence, S. C., also survives. The bereaved have the sympathy of a great many friends. The funeral services will be held today and the interment will be in the family burying ground.

Suburban Schedule Change

Attention of the public is called to an addition to the schedule on the Beach Line for Saturdays. This extra service will begin next Saturday. The 2 o'clock trip leaving town, which through the week turns, back at Wrightsville, will on Saturdays carry two cars. One of the cars will go over to the Beach. Also on Saturdays the leaving time of the regular 1 o'clock trip for the Beach will be changed to 1:10 P. M. This will be of great benefit to those living along the Suburban Line who enjoy the Saturday half holidays. The leaving time being 1:10, those leaving their places of business at 1 o'clock will have ample time to catch this car.

GETS NEW LEASE ON LIFE

Wife-Murderer Will Not Pay the Death Penalty This Week—Governor Kitchin Will Fix Date of Electrocution

It was settled yesterday that L. M. Sandlin, the middle-aged white man who is in the county jail awaiting the death penalty for wife murder, will not be electrocuted tomorrow, the day fixed by the court at the time the prisoner was convicted. The date will now be fixed by Governor Kitchin, the appeal of the prisoner to Supreme Court having acted as a stay of execution pending consideration of the case in the higher tribunal, which has already handed down its decision.

Governor Kitchin will send to Sheriff S. P. Cowan the proper papers authorizing him to deliver Sandlin to the warden of the State penitentiary. L. Clayton Grant, Esq., counsel for the condemned man, received a letter from Mr. Alex. J. Field, private secretary to Governor Kitchin, in reply to one that Mr. Grant had written the Governor relative to a reprieve for Sandlin. The request for a respite was based upon the fact that the announcement of the decision of the Supreme Court came so near the date fixed for the electrocution that the prisoner had hardly enough time to make final preparations for his exit. The letter informed Mr. Grant that he would find upon investigation that the appeal to Supreme Court acted as a stay of execution and that it would now be the duty of the Governor to appoint the date of execution of the sentence. Governor Kitchin will do this as soon as he receives official notice that the judgment of the lower court has been affirmed. The opinion was expressed that such notification would not be received until the 1st of next month, and this delay will, of course, give Mr. Grant any further time he may desire for action in the matter.

Mr. Grant conveyed to the prisoner the information contained in the letter. He said that Sandlin did not appear to be much concerned over the matter, though he told the attorney that he was glad to have a new lease on life. Mr. Grant stated after leaving the jail that he was more convinced than ever that Sandlin's mind is affected. He said that Sandlin remarked to him frequently during the conversation that "God's will, not mine, will be done, if He calls me I am ready to go," a statement similar to one he made in the court room at the time he was sentenced and has made several times since.

Sheriff Cowan was notified esterday morning by Col. John D. Taylor, clerk of Superior Court, that Sandlin would not be taken to Raleigh this week, but would remain in the county jail here until proper papers have been sent down by Governor Kitchin.

GUARD WAS ACQUITTED

Porter Wagstaff Not Guilty of Assault Upon Negro

Charged with assault with deadly weapon upon James Hill, colored, whom he shot a few weeks ago while searching for an escaped convict, Mr. Porter Wagstaff, a guard at the convict camp in East Wilmington, was tried before Justice Bornemann yesterday afternoon and acquitted. Wm. J. Bellamy, Esq., represented the prosecutor, Lizzie Hill, mother of the negro who was shot.

In talking of the trial afterward Justice Bornemann said that the evidence was to the effect that some weeks ago officers heard three persons in an old house in the northern section of the city and thinking that they were the convicts who had escaped from the camp early that morning went to the door of the building. The negroes, he said, were on the floor, and appeared to be gambling. The trio started to run, but when halted by Sergeant Burnett two stopped and threw up their hands, while the third, James Hill, failed to heed the officer's command. Sergeant Burnett called to Guard Wagstaff, who was along, to stop Hill. Justice Bornemann said that the guard stopped the negro all right, but had to use his gun. The court desires it stated that he was very much impressed with the straight forward manner in which Guard Wagstaff, who did not deny the shooting, told his story. The justice said that he found Mr. Wagstaff not guilty because he was told by Sergeant Burnett to stop the man and the further fact that three convicts had escaped that morning and there was reason to believe Hill was one of the trio, and added that Hill was certainly guilty of something or he would have stopped as his two companions did.

COAST LINE SCHEDULE.

Several Changes Announced, Effective on Next Monday.

Commencing next Monday, changes in schedules, important to Wilmington, will be made on the Atlantic Coast Line.

While the only change at Wilmington proper will be the arrival of train No. 50, at 11:49 P. M. instead of 12:09 midnight, the changes and additional trains on other divisions are of much importance and benefit to this city.

The Palmetto Limited, which during the Summer months has been running between Charleston and New York, will on and after next Monday be extended to Savannah and Jacksonville, arriving at the latter point at 7:45 P. M., the same date, and connect with trains for Tampa, Ft. Myers and other South Florida points. Train No. 51, leaving Wilmington at 5:45 A. M., will connect at Florence with this train and therefore afford service for those points and No. 50, arriving Wilmington 11:49 P. M., will connect at Florence with the Palmetto Limited, which leaves Jacksonville at 7:30 A. M. This arrangement makes a double daily service between Wilmington, Savannah, Jacksonville and Florida points, as the 3:15 P. M. train from Wilmington arrives at Jacksonville at 7:00 A. M. next day and No. 54, arriving here 1:40 P. M., leaves there 7:55 the previous evening.

Train No. 42, leaving Wilmington 7:00 P. M., and carrying sleeping cars to Norfolk and Washington, will, on and after Monday, arrive Washington 8:00 A. M. instead of 8:40 A. M., as at present, and passengers can transfer to Pennsylvania train No. 58, leaving there at 9:00 A. M., arriving New York 1:54 P. M.

CASE CONTINUED AGAIN.

Sloan to be Tried This Morning for Selling Whiskey.

In the Recorder's Court yesterday morning the case against B. B. Sloan, colored, charged with selling whiskey to another negro named William Loftin, was again continued for trial in order to have time to summons additional witnesses. The trial was continued Tuesday on account of the absence of Loftin, who was present in court yesterday, having been arrested following Tuesday's session of court and placed under bond of $50 for his appearance. His father, Wright Loftin, put up $50 cash for the bond. Yesterday morning the old man surrendered his son and asked to be given his money. It is said that he was impudent to the court and Recorder Furlong sentenced him to 24 hours in jail for contempt of court. The son was also committed to jail. Later the father decided that he wanted the money to remain up for the bond rather than for his son to go to jail. However, the clerk had been instructed to commit the negro to jail and he had no alternative until otherwise notified. Early yesterday afternoon the Recorder relented in the case of elder Loftin upon the urgent request of a number of people who knew the old negro well, and released him from jail. Those who know the negro told the Recorder that he could not hear well and that no doubt the affliction is what caused him to appear to be disrespectful to the court, when he really ment no disrespect.

Arthur Beatty, colored, was found not guilty of a charge of damage to personal property, but was found guilty of assault with deadly weapon upon his wife and was sentenced to three months on the county roads. Ben Frink, colored, was taxed with the costs for allowing his horse to run at large. Several drunks were assessed the usual amount.

BOUGHT VALUABLE PROPERTY.

Jos. W. Little, Esq., Buys Lot on Front Street—Other Deals.

It became known yesterday when the deed was filed for record at the Court House that Joseph W. Little, Esq., had purchased from Mr. and Mrs. John H. Rehder a valuable lot on the west side of Front, between Chesnut and Grace streets, the consideration, it is understood, being in the neighborhood of $12,000, though the instrument of conveyance merely says $1,000 and other considerations. The property is located between the Bijou theatre and the holdings of the Cape Fear Club. It has a frontage on Front street of 20 feet and runs back for a depth of 144 feet. The property is unimproved.

Other deeds were filed for record yesterday as follows: Moses Horne and wife to M. J. Heyer, for $50, 1.9 acres of land in Cape Fear township, adjoining lands of Mr. Jas. F. Woolvin and others; Katie K. Parsley, to I. Shrier, for $10 and other considerations, lot on Wrightsville Beach; W. R. Norwood and wife to H. L. Fentress, for $1,000 and other considerations, tract of land on the Sound, adjoining lands of J. W. Jackson and others; Mrs. Lizzie Darby, of Newbern, to J. S. Sellers and wife, for $2,400, lot on east side of Front, 66 feet north of Castle street, 33x65 feet in size; Isabella Sampson, widow of James H. Sampson, and daughters, to C. W. Polvogt, for $100 and other considerations, lot on west side of Fifth, 99 feet south of Walnut street, 33x132 feet in size; W. E. Fox and wife to C. D. Weeks, for $500 and other considerations, lots 4 and 5 in block 50, of Carolina Place.

Mr. Cooper a Stockholder

Mr. W. B. Cooper, the well-known banker and wholesale grocer of this city, is one of the stockholders in the Lumberton Grocery Co., which will be organized within the next few days. The concern will do a wholesale business and among the other stockholders is Mr. W. H. Humphrey, of Lumberton. The capital stock is $30,000 and quarters for the new business have already been secured in Robeson's capital.

BEAUTIFUL WEDDING AT MAXTON, N. C.

Maxton, N. C., Oct. 11.—A wedding of much interest and of unusual beauty occurred in the Presbyterian church tonight when Miss Mabel Wooten and Mr. Davis Houser were united in matrimony, Rev. H. G. Hill, D. D., officiating. The church was beautiful in the elegant simplicity of its decorations of green ferns on white background with myriads of white candles in handsome candelabra. Before the ceremony Mrs. R. M. Williams and Miss Emma Belle MacRae sang in perfect voice, "Oh, Thy Dear Eyes," and "I Love Thee Truly." Then to the strains of Mendelssohn's wedding march, beautifully rendered by Mrs DeWitt McIver, came the little gate openers, McKoy McKinnon and John S. McRae, followed by little May Virginia McLean and Elizabeth Croom. Then the ushers, Dr. A. B. Croom, Dr. J. D. Croom, Sr., Dr. M. Gibson and Dr. Harris. These were followed by Miss Elizabeth McNair and Mr. S. B. McLean; Miss Mattie Brown McLean and Mr. Ernest Wooten; Miss Lillian McNair and Dr. Roscoe McMillan and Miss Clarkie Belle McNair and Mr. Lacy Williams, the bridesmaids all wearing gowns of white messaline and carrying pink chrysanthemums. Next came the maid of honor, Miss Branche Fore, of Richmond, elegantly gowned in Marquisette over ping messaline. She carried white chrysanthemums. Following her came the flower girls, little Frances Gibson and Laura Well Everett with baskets of beautiful pink roses. Then the groom entered with his brother and the bride with her father. The ceremony as performed by Dr. Hill was unusually beautiful and impressive.

Miss Wooten is the youngest daughter of Maj. and Mrs. J. W. Wooten and belongs to one of the oldest and most prominent families of this section. She is quite popular in all circles here. The groom is a member of the firm of the Robeson Drug Co., has lived in Maxton for several years and has a high place in the esteem of all who know him. Mr. and Mrs. Houser left on the Seaboard train for points North. It is a great pleasure to their many friends here to know that they will make their home in Maxton.

MEET IN RICHMOND.

Annual Convention of Atlantic Deeper Waterways Association.

Several Wilmingtonians expect to attend the fourth annual convention of the Atlantic Deeper Waterways Association, which will be held in Richmond, Va., October 17th to 20th, inclusive. Delegates from this State and States further south will meet the delegates from Philadelphia and other points north in Norfolk, Va., on October 16th, and the day will be spent in that hustling city as the guests of the people of Norfolk who are interested in waterways development. A fine programme has been arranged. The Philadelphia delegation will make the trip to Norfolk on a special steamer. After spending the day in Norfolk the delegates will go on to Richmond for the convention.

Any Wilmingtonians desiring to attend the convention as representatives of this city may obtain the proper credentials by applying to Mr. Jas. H. Chadbourn, or Mr. Meares Harriss, president and secretary, respectively, of the North Carolina Waterways Association.

—The annual meeting of the stockholders of the Wilmington Sewerage Company will be held this morning at 11 o'clock. Officers for the ensuing year will be elected and other business will be transacted. It is expected that the proposition of the city to purchase the existing sewerage system will be acted upon at this meeting.

—Mr. P. E. Hoggard, foreman of the Wynnewood Lumber Co., underwent a very successful operation for appendicitis at the Wilmington Sanitarium yesterday. His friends will be glad to learn that he is doing very well indeed and will be out again in a short time.

Mexico City, Oct. 11.—Determined to know just why the Mexican government paid Gustavo Madero, a brother of the President-elect, 642,195 pesos, and what it has cost to muster out the Revolutionary forces, the Chamber of Deputies tonight called upon President De La Barra for an accounting.

Pinex is a special and highly concentrated compound of Norway White Pine extract, rich in guaiacol and other healing pine elements. A 50 cent bottle makes a pint—a family supply—of the best cough remedy that money can buy, at a saving of $2. Simply mix with home-made sugar syrup or strained honey, in a pint bottle, and it is ready for use. Easily prepared in 5 minutes—directions in package.

Children like Pinex Cough Syrup—it tastes good, and is a prompt, safe remedy for old or young. Stimulates the appetite and is slightly laxative—both good features. A handy household medicine for hoarseness, asthma, bronchitis, etc., and unusually effective for incipient lung troubles. Used in more homes in the U. S. and Canada than any other cough remedy.

Pinex has often been imitated, but never successfully, for nothing else will produce the same results. The genuine is guaranteed to give absolute satisfaction or money refunded. Certificate of guarantee is wrapped in each package. Your druggist has Pinex or will gladly get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

..Theatrical..

A crowded house witnessed the presentation at the Academy of Music last night of "The Gamblers," one of Charles Klein's greatest successes, which was splendidly interpreted by a strong cast. Theatre-goers expected a drama of great strength presented by a capable company and they were not disappointed. That the production pleased was shown by the thunderous applause given at various intervals throughout the evening. Charles Mackey, as Wilbur Emerson, and Joseph Adelman, as Jarmes Darwin, secure the honors in the masculine roles. In the leading feminine role Miss Lillian Kemble, as Katherine Darby was splendid and shared liberally in the honors of the evening. All in all, it was one of the best attractions of the season and was enjoyed by all who witnessed it.

"The Girl in the Taxi" Tonight.

"The Girl in the Taxi," a hilarious melange of music, merriment and mountains of mirth, is announced for tonight at the Academy.

"The Girl in the Taxi" comes with an enviable record in this country and abroad. It scored a sensation in Paris and eclipsed all runs where long careers are common. In New York it was greeted as the funniest play Broadway had ever witnessed. In Chicago it played to capacity business for upwards of 250 nights. In Boston it broke all records for attendance and box office receipts and carried off high honors for length of engagement.

The story concerns the escapades of pretty Mignon, wife of a perfume manufacturer, and the efforts of Bertie Stewart to keep an appointment with her for a midnight supper at the Cafe Churchill. Papa Stewart, Bertie's father, while posing as the possessor of all the domestic virtues, goes away to the same restaurant to meet a couple of chorus girls. Bertie's cousin from Philadelphia, Percy by name, who has come to New York for throat treatment by a physician who practices chiefly among girls of the stage, turns up at the same dining room to keep an appointment with a vaudeville artiste. Father, son and nephew meet under rather embarrassing and laughable conditions and confusion runs rampant. The third act unsnarls the mix-ups in a way least expected and all the guilty parties swear, with hands upraised, that it will never occur again.

A cast of unexcelled comedians present "The Girl in the Taxi," which contains just enough dancing, singing and music to relieve the rapid-fire pace maintained by the numberless complications which crowd the play from curtain to curtain. Seats are now selling.

Matinee and Night Saturday.

George Barr McCutcheon's popular romance, "Graustark," in play form, will be presented at the Academy Saturday matinee and night.

This attraction comes with the stamp of approval of New York, Chicago, Pittsburg and other cities. It is a romantic drama of the latest pattern, embracing love episodes, thrilling situations and startling climaxes, with a pure vein of delightful humor interwoven in its marvelous plot. Mr. McCutcheon's style is somewhat different from that of other authors; he is distinctly original using methods and phraseology that are all his own, therefore, his stories are always interesting and refreshing. "Graustark," is the book that made him famous and is considered his master piece and it is safe to assert that it is the most widely read of any of our latter-day popular books.

Seats will go on sale tomorrow. The prices will range to $1.50 for night, but this highest price will only apply to box seats. The matinee will be a popular price one—25 and 50 cents.

"The Winning Widow."

"The Winning Widow," the musical comedy hit, comes to the Academy next Tuesday night. It has more song hits in its score than any musical play now before the public. At least this is the testimony given by all the large music dealers throughout the United States. A few of the hits are: "The Winning Widow Am I," "The Light that Lies in Woman's Eyes," "Don't Get Peevish Pet," "Why Don't You Come in for a Splash," "There's Something Awfully Cute About a Soldier," "Never Get Cross With a Girl," "I Love You," "What Would We Do Without the Moon." Max Spiegel has engaged a company of 40 people, which includes a chorus of the most beautiful women ever seen in a musical entertainment.

At the Grand

The Grand will have an unusually attractive bill today and one that attracts the crowds. The wonderful Biograph, "Italian Blood" will be a leading film and will illustrate most graphically what might have been the result of indifference. A Vitagraph, "The Mate of the John M.," will tell a story of the sea, of a shipwreck and a love that was separated for the once and brought together again. Both are high class and expensive offerings and are sure to please all patrons. Nat Hilt will sing "Down in Sunny, Honey Town." This will be illustrated and will be a scream from start to finish.

The New Lyric.

There will be an entire change of programme at the Market street playhouse today, the entire list of vaudeville people putting on a new stunt with all new pictures and new songs. The LaCelles will introduce their original farce comedy "The Human Incubator," that is one continuous scream from start to finish, being constructed and composed for laughing purposes only. They will be followed by Junius and Farleigh in a new comedy skit and this is their best number. The feature film will be "The Code of Honor," a thrilling drama, followed by a big Essanay. The admission remains 5c and 10c.

Nashville, Tenn., Oct. 11.—With President Tait Butler, of Mississippi, presiding, the thirteenth annual convention of the Association of Southern Agricultural Workers began here today. Eleven Southern States, the District of Columbia and England are represented by commissioners of agriculture and other workers. The visitors were welcomed by Governor B. W. Hooper, Commissioner H. E. Blakeslee, of Mississippi, replying.

Soda crackers are more nutritive than any other flour food. Uneeda Biscuit are the perfect soda crackers. Therefore, Uneeda Biscuit.

Five cents spent for a package of Uneeda Biscuit is an investment—an investment in nourishment, in health, in good eating.

Though the cost is but five cents, Uneeda Biscuit are too good, too nourishing, too crisp, to be bought merely as an economy.

Buy them because of their freshness—buy them because of their crispness—buy them because of their goodness—buy them because of their nourishment.

Always 5 cents. Always fresh and crisp in the moisture-proof package. Never sold in bulk.

Coffee Goodness Proven by a Century of Use

There is something wonderfully satisfying and fascinating about this coffee blend that has been in daily use for over a century. Something *far different* from ordinary coffees. This is the coffee that was served in the quaint French Market, New Orleans, to society belles and beaux of the olden time. And that was so liked by Andrew Jackson, Henry Clay and other famous men. It is today the same identical, deliciously aromatic blend that was famous over a hundred years ago.

Then you could get this coffee with a history—the real

French Market Coffee

only at the French Market, New Orleans. But NOW you all may serve it daily at *your own table*. For the old French Market blend is perpetuated by

The Same Unique Hygienic Roasting Process

and delivered everywhere in perfect aroma and strength in hermetically sealed tins. Injurious elements are *roasted out* of French Market Coffee. In New Orleans, for hundreds of years, it has always been the custom to drink cup after cup, even at midnight. You may do the same today. Be sure you get the genuine. "There is only *one* real old French Market flavor."

COTTON MARKET WAS NERVOUS

Unsettled Yesterday at Net Decline of Four to Ten Points—South and Southwest Continue Heavy Sellers—Spot, Quiet and Unchanged.

New York, October 11.—The cotton market was rather nervous and unsettled today and reacted after a higher opening with the close barely steady, at a net decline of 4@10 points. Tomorrow being a holiday in the local market, while both Liverpool and New Orleans will remain open, the trading included a good deal of evening up and accounted in some measure for the irregularity of fluctuations.

The opening was steady, at an advance of 2@7 points, and active months sold 6 to 8 points above the closing figures of Tuesday, owing to relatively firm cables and a continuation of yesterday's late buying movement.

There was a great deal of cotton for sale on this advance and prices soon eased off as the outlook for more favorable weather tomorrow was reassuring to other shorts, and the demand from that source became somewhat less urgent after the official forecasts were published. The South was a seller here on the decline and leading spot interests were heavy sellers of the later positions, but after showing a net loss of about 8 to 10 points the market steadied on renewed covering for over the holiday and buying by reactionists. Rallies were barely maintained, however, as offerings became heavier toward the close, on private reports that the Southwest was offering spot freely and last prices were only a point or two up from the lowest.

Receipts today, 55,721 bales, against 59,383 last week, and 57,284 last year. Today's receipts at New Orleans, 6,075 bales, against 9,613 last year, and at Houston, 12,425 bales, against 18,808 last year.

Spot closed quiet, unchanged; middling uplands, 9.75; middling gulf, 10.00. No sales.

Futures closed barely steady.

THE DRY GOODS MARKET.

New York, October 11.—Pequot wide sheetings were reduced from 29 cents to 26 cents net on a 10-4 basis, and a division from 3 cents to 28 cents net was made in the cost of Naumaeag twills bleached. New price lists were also issued and pillow tubings and bolster cases. There was a good inquiry for heavy brown sheetings, but otherwise the primary cotton goods market was quiet. Cotton yarns were dull, with prices being revised downward. Hosiery and underwear were quiet.

STOCKS ABOVE FINAL RANGE

Spirited Bidding Up in Last Half Hour Carried Quotations Above Tuesday's Level—Trading Moderately Active—Holiday Today.

New York, October 11.—A spirited bidding up of prices in the last half hour of trading on the stock exchange today carried quotations to a point well above the final range of the previous day. The movement was the only one of importance in what was otherwise a listless day during which the market manifested no definite tendency in either direction.

Union Pacific, Southern Pacific, Lehigh Valley, Northern Pacific, American Smelting and American Beet Sugar rose to a point or more above yesterday's close on the upturn, and Reading, which had been the conspicuously weak feature of the market, recovered its loss. Profit-taking sales just before the close reduced these gains somewhat.

Concentrated selling of Reading sent it down from 137 to 135⅝, less than two points above its low level of the year. Although the general market offered effective resistance to this influence, Reading's unsettlement militated against any extended improvement in prices.

Trading was moderately active at the outset, but the demand was limited largely to requirements for short covering. Buying of this nature soon diminished and the market remained in a stagnant condition until near the close. The upward movement at the end was attributed to the closing out of short contracts on account of the holiday tomorrow. Reading's weakness while associated with the progress of the anthracite case before the Supreme Court probably was due chiefly to pressure by operators who have been persistently bearish in this stock for several days. United States Steel was still under pressure. In the late upturn it rose less proportionately than other market leaders and it was the first to yield when profit-taking sales were begun.

The demand for bonds continues to broaden, which is regarded as one of the most hopeful signs of the present situation. American Tobacco 4 per cent. bonds rose to 90, their highest price for the movement, which represented a gain of 1⅝. Buying of those bonds was stimulated by reports that the plan of reorganization had been changed in such a way as to benefit holders of these securities.

The tone of foreign markets was more cheerful, owing to the progress in the Moroccan negotiations.

Bonds were strong. Total sales, par value, $5,710,000. United States bonds, unchanged on call. Total sales today, 331,100 shares.

Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby, of Marengo, Wis., (R. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

HIDDEN DANGERS

Nature Gives Timely Warnings That No Wilmington Citizen Can Afford to Ignore

DANGER SIGNAL No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL No. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills act on sick kidneys. Here's a Wilmington proof:

S. C. Winner, 215 E. Market street, Wilmington, N. C., says: 'I still believe Doan's Kidney Pills to be an excellent kidney medicine and I cheerfully confirm the testimonial I gave in their favor in February, 1908. This remedy has been used in my family, being procured at Bellamy's Drug Store and it has given relief from backache and other symptoms of kidney complaint."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

CHINESE REBELS WIN

Military Commander Assasssinated—Government Troops Mutinied

Hankow, China, Oct 11.—The revolutionaries have won a notable victory, gaining possession of the city of We Chung after a battle with the loyal troops that began yesterday and continued well into last night. Today the foreign residents had not been molested. The revolutionary committee issued a proclamation exhorting its followers not to harm the citizens of other countries.

The fear of the officials now is that the disaffection among the troops will spread to the city, and every effort is being made to ward off this danger. Five gunboats are now in the river in readiness to protect Hankow should the necessity arise. The foreign consuls have also telegraphed their governments asking that warships be sent to the scene. American and Japanese cruisers are expected here tonight while several gunboats are hastening hitherto.

Volunteers have surrounded the foreign quarter and will remain on duty day and night until the safety of all foreigners is secured.

According to the officials, uprising in Wu Chang was planned for last Monday night. The plot was discovered early that evening and 32 arrests were made. Desiring to terrorize the revolutionists four of the prisoners were beheaded in the street before the viceroy's yamen yesterday. The energetic action of the authorities do not appear to have had the desired effect. Immediately after the execution, a portion of the artillery forces within the city mutinied and their action precipitated a fight.

A disaffection in the artillery spread to other forces and the revolutionists took advantage of the situation.

The forces that remained loyal were overcome. The Koti appealed to tc the foreign consuls to instruct their warships to guard the harbor limits and head off any reinforcements that might be approaching the city from the river to strengthen the rebels. The viceroy sent a message to Peking urgently requesting the immediate despatch of warships from Tien Tsin. Finaly seeing that further resistance was useless the viceroy fled the city and found refuge on a private yacht that was lying in the river. His headquarters and those of the provincial treasurer were burned. The military conmamnder was assassinated.

Peking, China, Oct. 11.—A special cabinet meeting was held this afternoon to consider the situation at Wu Chang.

The viceroy of Hu-Peh province, who escaped from WuChang and boarded a yacht in the river, reports that he was aware of the existence of an extensive revolutionary organization for several weeks past. Last Monday he learned that an outbreak had been fixed for that midnight. He made thirty-two arrests and seized document, proclamation, explosives and forged seals, along with papers that showed that the revolutionists intended to make Hu-Peh the base of operations which were planned to envelop the Yag Tse Kiang provinces, particularly Hunan.

The United States gunboat Villalobes is now at Hankow and the United States gunboat Helena is expected to arrive tomorrow. Other foreign gunboats are on their way to that place. The Chinese government has despatched troops, which are marching rapidly and will reach Hankow within a few hours.

It is estimated by Peking officials that not less than eight thousand soldiers are taking part in the rebellion, which is the most serious in many years.

The American consul general at Hankow, Roger S. Greene, reports that Vice Consul Nason T. Johnson, crossed the river and attempted to enter Wu Chang. He was not admitted within the city, but was informed that the missionaries were safe.

It is outhoritatively reported that the Chinese in Szechuen province have captured Kiating and are beseiging Yachow-Fu.

Some anxiety is felt by the government over the situation at Wu-Chang because a government arsenal is located there and the rebels will be able to capture many military supplies.

Tokio, Oct. 11.—The situation at Hankow and Wu-Chang is regarded here as very alarming. A Japanese gunboat has been ordered to those waters.

GRAIN DEALERS' ASSOCIATION.

Mr. G. J. Boney, of Wilmington, Elected Director.

Omaha, Neb., Oct. 11. — That the question of speculation in grain is a serious one was the statement of A. E. Reynolds, chairman of the legislation committee of the Grain Dealers' National Association, in his report to the Grain Dealers' Convention here today.

"The grain trade is divided on this question," said Mr. Reynolds. "All agree that such control of future trading as would prevent cornering the market and unduly advancing the price of breadstuffs is very desirable."

Norfolk, Va., was chosen as the next meeting place.

Directors elected included Charles D. Jones, Nashville, Tenn.; A. F. Leonhardt, New Orleans, and G. J. Boney, Wilmington, N. C.

STRIKERS RECEIVE PAY.

Nearly $200,000 Distributed at Chicago Yesterday at Memphis.

Chicago, October 11.—Four thousand striking shopmen formerly employed at the Burnside shops of the Illinois Central railroad, were paid their wages for September today. The payroll aggregated $200,000.

The strikers were paid from four booths which previously has been built in the fence surrounding the plant.

Memphis, Oct. 11.—Pending the disposition of the temporary injunction secured by the attorneys for the railroad against the striking members of the clerks' union of the Illionis Central railroad conditions remained unchanged in the local strike situation today.

CONTROLLING COAL OUTPUT

Government's Suit Against Railroads and Coal Companies

Washington, Oct. 11.—The so-called "hard coal case" was taken under consideration today by the Supreme Court of the United States after a two-day argument by counsel for the government and the principal roads and coal owning companies in the anthracite coal regions of Pennsylvania with violating the Sherman anti-trust law.

The main argument defendants made was by John G. Johnson, of Philadelphia. He said that it would be ideal to have separate anthracite railroads and coal companies in particulr, but that close relationship between them is essential to the growth of the coal region and was necessary because the railroads had to have tonnage to recompense them for the expense for building into that region He combatted the government contention that the railroads were competing lines, saying that the railroads, on account of reaching different coal localities, were not competitors, though they carried competitive material.

James H. Torrey, for the defense, asked by the government had taken no action against independent operators who sold coal under 65 per cent. contracts to coal companies whose stocks were owned by the Pennsylvania Railroad Company and by the New York, Ontario and Western Railroad Company. "If their coal companies are free to make contracts, while the others are to be debarred," said he, "it is conceivable that the result of this proceeding may be to increase largely the coal companies of Pennsylvania and of the New York, Ontario and Western and to shift the control of the anthracite market to persons other than the principal defendants and who may be presumed to be actuated by like motives."

The closing argument for the government was made by J. C. McReynolds, special assistant to the Attorney General. He outlined the relief desired, and, answering Mr. Torrey, he said the Pennsylvania Railroad Company and the New York, Ontario and Western Railroads were not made defendants in the suits as neither had been represented at the conference of railorads where the "objectionable 65 per cent. contracts" were agreed upon. He added that neither was a stockholder in the Temple Iron Company by which the government claims the Philadelphia and Reading, the Lehigh Valley, the Deleware, Lackawana and Western, the Central of New Jersey, the Erie and the New York, Susquehanna and Western Railroad Companies, all entering the anthracite region, are held together in an illegal combination.

MURDER NEAR WASHINGTON

Well Known Virginian Killed by Farm Hand

Washington, Oct. 11.—Fred Springman, formerly president and principal owner of one of the largest express transfer companies in Washington, was found murdered in a barn near his home in Prince George county, Maryland, today. Harry W. Silbrook, a 21-year-old farm hand, formerly of Maine, was arrested charged with the murder. Springman once had contracts for delivering and collecting mail in every section of the United States. Springman, who was 68 years old, lived on a farm near Chesapeake Junction, several miles east of this city. He is said to have been the first mail contractor who used screen wagons, now common in the postal service in cities. He fought with the First Virginia Cavalry during the Civil War, following which he helped to reorganize Troop A, the President's Guard, which later became part of the District of Columbia Militia. The family is well-known here. Ernest Springman, a son, lives at Big Spring, Texas, another son is a circus owner, and two other sons are in the government departments.

Springman and Silbrook quarreled this morning. Later Silbrook returned from the barn to the house, according to the family, and suggested that they carry the aged man in from the barn. Silbrook whose arrest followed, said that whatever he may have done during the quarrel was in self-defense.

FLOOD DAMAGES $1,000,000.

Reports About Drowning of Twenty Navajos Turn Out False.

Denver, Oct. 11.—Communication with the principal towns in the flood-swept districts of southwestern Colorado and northwestern Mexico were re-established today. It became apparent that the damage will not be as heavy as expected.

None of the principal towns report serious loss and advices reaching them from outlying points minimize the destruction in the ranch country. The Rio Grande Southern Railroad has suffered heavy damage, rough estimates placing the loss at approximately $1,000,000.

Rumors of heavy loss of life were apparently set at rest today. The reports of the drowning of 20 Navajos Indians at Shiprock agency in New Mexico were officially denied today.

SNOW IN MONTANA.

Southwest Section in Grip of Terrific Storm—Traffic Delayed.

Pocatello, Idaho, Oct. 11.—Southwestern Montana is in the grip of a terrific snow storm that has cut off Butte from communication with the outside world today. Every telegraph and telephone wire in Butte has been leveled, communication ceasing at Helena and Deerlodge, on the north, and Dillon on the south.

Before the Oregon Short Line wires ceased operation it was reported that more than two feet of snow had fallen, all street car service and many power circuits had been put out of commission. Trains are running on delayed schedules.

SUPREME COURT OPINIONS

As to Inheritance — Mattamuskeet Drainage—Other Decisions

(Special Star Telegram.)

Raleigh, N. C., Oct. 11.—In Wells vs. Wells from Duplin county, the Supreme Court makes a ruling as to inheritance that is of special interest to the profession and laity as well.

W. D. Wells died leaving an estate valued at $50,000 and left a widow, a mother, two brothers and two sisters living. All agreed that the widow receive one-half the estate as ner portion. The contention arose over whether the mother alone should inherit the remainder of the estate as next of kin or whether the mother and the brothers and sisters all should share equally. The trial judge ruled in favor of the latter contention, but the Supreme Court reverses this decision holding that the mother alone inherits.

However if there had been no widow, the mother and brothers and sisters would have inherited equally.

Another case of special interest is H. C. Carter et al., vs. Mattamuskeet Lake Drainage Commissioners, in which the Drainage Commissioners win through an affirmation of the finding of the court below in refusing a petition for an injunction to restrain the commissioners from issuing $100,000 additional bonds to meet interest and other expenses over and above the original $500,000 bonds provided to carry through this great drainage scheme to prepare for cultivation of 50,000 acres of lake bed and adjacent swamp lands. This decision means that the work of installing the machinery for this work will be resumed at once, to be pushed as spedily as possible.

The suit involved the invalidity of a special act of the last Legislature authorizing an additional $100,000 bonds for expenses that Carter and other land owners insisted they could not be burdened with. The court held that they must pay their part of this assessment and that they can at the same time protest and bring suit for recovery of any part of it that may not be needed.

Another notable case is that of Leah Hinton alias Mrs. Rochelle, of Goldsboro, who was sentenced to serve eight months on the roads or leave the county, for selling whiskey. She left the county, went to Wilson and after eight months returned to Goldsboro, when she was taken into custody to serve the sentence. She insisted that her staying out of the county eight months released her from the sentence. The court holds that she must now serve the sentence.

The Supreme Court delivered 18 opinions this afternoon in appeals pending. The list follows: Carter vs. Drainage Commissioners, Hyde, affirmed; Liverman vs. S. Cohoon, Tyrrell, no error; Wiley vs. Lumber Co., Craven, no error; Robertson vs. Holton, Craven, new trial; State vs. Smith and Caulery, Lenoir, no error; State vs. Stewart, Sampson, no error; Hines vs. Norfolk & Southern Co., Lenoir, new trial; Parks vs. Exum, Lenoir, new trial; Electrove Company vs. Insurance Company, Lenoir, reversed; Stevens vs. Ricks, New Hanover, affirmed; Wells vs. Wells, Duplin, reversed; Dunn vs. Patrick, Lenoir, new trial; In re Hinson from Wynne, affirmed; Ellington vs. Durfrey, Wake, reversed; Smithfield Improvement Co., vs Coley, Johnston, no error; Barber vs. Morrison, Hyde, affirmed in both appeals; Bell & Merritt, vs. Sath and Perkins, Onslow, dismissed under Rule 17; McKenzie vs. McKenzie, dismissed under Rule 17.

TAFT IN OREGON.

Tariff Vetoes, Woman's Suffrage, Peace and Arbitration Theme.

Portland, Ore., Oct. 11.—President Taft today crossed the Columbia river into Oregon and arrived in Portland tonight. He spent the day in traveling south from Tacoma. The only long stop was made at Olympia, where Mr. Taft was the guest at luncheon of Governor Hay, of Washington. Tonight the President sat down to dinner with the Portland Commercial Club and later delivered an address in the armory. His reception here and throughout southwestern Washington was good. Oregonians of prominence, including Senator Chamberlain and Governor West, welcomed President Taft to Oregon.

The President today spoke on the tariff vetoes, woman's suffrage and peace and arbitration.

At Sopenah, Wash., where a few hundred persons had gathered to listen to a rear platform talk, Congressman Warburton, an insurgent and one of those who voted for the tariff bills which the President vetoed in the Spring, made the introductory speech.

"I wish to introduce our President," he said. "He has served two years, and I hope he will serve eight years."

At Castle Rock and at Woodland the President discussed briefly woman's suffrage. He said that the East was looking to Washington, the largest commonwealth in the world that had woman's suffrage to prove its wisdom or its folly.

"If all women vote," he said at Wodland, "suffrage will be a success. If they don't it won't be, but I hope they will all vote."

At Kalama the President had been asked to speak on peace and as he alighted from his train, four doves were freed by a member of the reception committee. One circled high above his head for several minutes while he was speaking.

VISITING CHARLESTON.

Gov. Simeon E. Baldwin and Staff at South Carolina Port.

Charleston, S. C., Oct. 11.—Governor Simeon E. Baldwin, his staff and the first company of the Governor's Footguard, of Hartford, Conn., arrived this morning from Atlanta, where they have been attending the ceremonies incident to the unveiling of the peace monument. The New Englanders were greeted at the union station by a committee, headed by Mayor Rhett. An escort from the National Guard was present. A programme of entertainment was at once taken up. The Putnam Phalanx, of Hartford, also spent the day in Charleston, coming separately. The historic Foot Guards has been in Charleston before.

TO GET RID OF RHEUMATISM

If we suffer with Rheumatism and desire to get rid of it we must make up our minds to subject our systems to the proper course of treatment for a while. The only way to cure oneself of Rheumatism is to remove the cause—expel the irritating uric acid from the blood; every other method of treatment has proved a failure. S. S. S. cures Rheumatism because it is the greatest of all blood purifiers. This medicine goes down into the circulation, and expels every particle of the sour, inflammatory uric acid which is the one great cause of the disease. The cure can be greatly hastened with a little care and self denial by the patient. In the first place do not let anything interfere to prevent your taking S. S. S. regularly and according to directions; be guarded in your eating, because an attack of indigestion will always aggravate the symptoms of Rheumatism. Do not expose yourself to damp and inclement weather any more than is necessary. When S.S.S. has had time to rid the blood of the uric acid; then these little restrictions may be left off. This simple course has cured many thousands of cases of Rheumatism. Book on Rheumatism and any medical advice free. S. S. S. is sold at drug stores.

COMMERCIAL SECRETARIES.

Houston Gets the Next. Convention. General Discussion.

Memphis, Oct. 11.—J. S. Warren, industrial commissioner of the Memphis Business Men's Club, was elected president of the Southern Commercial Secretaries' Association and Houston won the next meeting place. Adolph Boldt, of Houston, was chosen secretary.

The next meeting will be held, it was announced, two days previous to the meeting of the National Organization of Associated Advertising Clubs, which will take place at Dallas, next Spring.

At the first session of the Secretaries' organization today, general discussion embraced various problems which are met by them in their work. An important move was the passage of a motion making the State vice presidents chairmen of the membership committees for their States and instructing the incoming officers to direct the vice president to take up personally with the presidents and governing boards of all commercial organizations the benefits to be derived from sending their secretaries to the general meetings annually.

DULL AND LISTLESS

Nothing Doing In Lorimer Inquiry at Chicago Yesterday

Chicago, Oct. 11.—Hearing of the Lorimer investigation before the United States Senate Committee today proved dull and listless compared with yesterday's sessions.

No new testimony was developed by any of the witnesses examined and in one case, that of Representative Terrill, evidence previously given against Senator Lorimer practicany was nullified.

Senator Lorimer expressed satisfaction when the committee adjourned for the day and left the Federal building smiling.

Possible new angles to the case are promised for tomorrow, however, when several witnesses never previously examined will be placed on the witness stand by counsel for the committee of the inquiry. Among these will be State Senator Edward J. Glackin, of Chicago.
